Except for the dead faces, the casket beneath the pulpit, the scores of beautiful floral tributes massed around the chancel, and the note of sorrow which pervaded prayers and music, there was little in the funeral service to distinguish it from hundreds of Sunday morning services conducted in the same church by Dr. Hale himself. In fact, to the majority of the family that the funeral service, which was as much like the service which Dr. Hale loved to conduct as it was possible to make it.

The capacity of the South Congregational church was not sufficient to accommodate a hundredth part of the number of friends and admirers who would have liked to participate in this tribute to the man who gave himself so unselfishly in the service of humanity. And so only those having tickets, members of the society, deputations from the various organizations to which Dr. Hale belonged, and the intimate friends, were present at the funeral service, which was held at 6 o'clock.

# THE TARIFF BILL

## Senate May Vote on the Measure Next Saturday

WASHINGTON, June 14.—The feeling in all factions in the senate is that the tariff bill is approaching the last days of its consideration in the senate.

Senator Aldrich is hopeful that the bill may be reached by next Saturday and many of the conservative republicans as well as many of the democrats are inclined to agree with this prediction.

The "progressive republicans" are not quite so optimistic, but Senator Beveridge is of the opinion that the final vote will not be postponed beyond the end of next week.

The week will be devoted to a general cleaning up. With the exception of one disputed point in the silk schedule, the senate last week concluded its second consideration of the bill and disposed of all paragraphs of the schedules on which the committee had reported.

Among the questions not acted on in committee were many disputed points but there was an effort to dispose of them rapidly and it is believed that comparatively little time will be taken on any of them.

Among the more important provisions still to be considered are those pertaining to lumber, wood pulp, print paper, hides, coal, zinc, window glass, scrap iron, cotton ties, cotton haggling, leather goods, binding twine and petroleum.

In the paper schedule the principal items to be considered are the duty on ground wood and print paper. It seems probable that the ground wood, or pulp, will be left free, but that the rate on paper will be made \$4 a ton instead of \$2, as fixed by the house, and \$8 as in the present law.

This provision will be left open as long as possible to permit Senator Hale, who has been absent because of illness, to be present when the subject comes up. He will stand out staunchly for a stiff duty on all of these articles.

Hides, coal and petroleum are giving the finance committee no little concern, but the present indications

are that the senate will place a duty on all of these articles.

There is a demand for a reduction and a reclassification of the window glass schedule, but any prediction as to what the result might be would be misleading. The same may be said of the contest between pig iron and scrap iron in the metal schedule.

The southern senators are making an earnest though probably an unsuccessful effort to have cotton ties and cotton bagging made free of duty and the binding twine provision has been held up until the cotton tie question can be decided.

The leather schedule, including leather itself and leather goods is suspended awaiting the decision on hides.

Other important articles which remain undecided are pineapples and monazite and thorite, which are ingredients in the mantles of incandescent lights. It is also understood that the finance committee will bring in some future changes in the silk schedule.

### AUTO CLUB

#### ATTENDED HILL CLIMBING CONTEST IN WORCESTER

The members of the Local Automobile club who went to Worcester, Saturday to witness the hill climb at Dead Horse Hill had a delightful trip despite the fact that some of the drivers lost their way and got into Worcester after a roundabout route.

The Lowell delegation was headed by President John O. Heinze and Secretary John A. McKenna of the auto club who had as their guest Mayor Brown. They were the guests of Mayor Logan of Worcester during the day.

The party arrived home in the early evening.

Ladies: Day, Thursdays, Turkish Baths, Middle St. Experienced attendants in charge. Everything renovated.

## FOUR RESCUED

### One Woman Lost Her Life

PROVIDENCE, June 14.—Several rescues of drowning people were made in the rapidly running tides of the Seekonk river at its narrowest part near India point last evening.

Miss Valerie Pett, 25 years old, who lived on Raymond avenue near the East Providence line, was drowned just as two passersby leaped to her aid. They were a second too late to grasp her. She was not seen afterward and last night Harbor Master Maguire and Capt. Matthews dragged the river for the body.

Men who refused to give their names saved at their own great peril the lives of Joseph Roberts, 23 years old, his wife, Mary, 25, their son, George, 8 years old, and Edmund Pett, 26 years old, husband of the woman whose life was lost. All those rescued were taken to a nearby house on India street and cared for.

The Roberts family was hurried away to the hospital in ambulances, all being unconscious for a time. Pett was attended by doctors near the scene of the accident. He was suffering deeply from his experience in the water and because of his wife's death. The disaster followed a day of pleasant down Narragansett bay at the shore resorts. The parties all reside at Pawtucket and they made the excursion from that city in a small boat. They were on the return trip and near the bridge of the N. Y. N. H. & H. railroad at India point. It is one of four which has to be passed in the navigation of the Seekonk. The main sheet jibed and the boom struck the structure on each side, sending the craft over and throwing all the occupants into the swirling tides. The fortunate presence of passersby prevented a more serious loss of life.

### SCALP WOUND

#### MAN FELL FROM AN ELECTRIC CAR

Newell Hayes, aged about 60 years, fell from an inbound electric car in Chelmsford street last night about 8:45 o'clock. He was alighting from the car when his foot got caught and he was thrown to the street. He suffered a scalp wound and a fracture of the thumb.

The injured man was placed aboard the car and at the turnout at Grand street was transferred to the ambulance and removed to St. John's hospital.

## THE PEARY PARTY

### Will Try to Reach Dr. Cook

NEW YORK, June 14.—Although the projected special relief expedition for the rescue of Dr. Frederick A. Cook in the Arctic regions was postponed at least did not materially with the opening of the year, it became known yesterday that efforts to reach Dr. Cook are to be made this summer and that notwithstanding any controversy that there may be between Lieut. Peary and Dr. Cook or between the friends and supporters of the two men it may turn out that navigation going to the assistance of Peary this season may return with Dr. Cook or with word from him.

The statement was made by Dillon Wallace, the explorer who went north with the late Leonidas Hubbard and who had been asked last winter to take charge of the proposed Cook relief expedition. Mr. Wallace was at the studio of E. W. Denning, the painter of Indian life, last evening when he talked of the matter, surrounded by some of Mr. Denning's interesting canvases and some of his own Labrador relics.

"I was asked to go on the Cook relief expedition last January," he said, "and I felt obliged to decide for or against it. I had thoroughly equipped relief expedition would have been very costly, and it really seemed to me useless to attempt winter work there. Moreover, it is my opinion that in all probability Dr. Cook is either at Etah, Cape York of Upernivik, if he has not perished. And if he is at any of those places he will be found this summer by the men taking supplies to Peary."

"It is most fortunate that Capt. John Bartlett is going north on this work. He starts on July 15 to take call to Peary, and he will visit Upernivik, Cape York and Etah. Capt. Bartlett is an experienced man in those latitudes and he will get into communication with the Eskimos and will be able to make inquiries for Dr. Cook, if he does not find him at one of those points, and if there is any information to be had he will get it."

"Dr. Cook ought to be at Etah. He should have been there last September, and the man he left there had authority to come home at the time Peary's party reached there if the doctor had not then returned. The doctor was not there then, but of course he might have been delayed longer than he expected."

"If by this time he has not reached one of those places I am afraid he is not living, although it is possible that he may have been taken and taken to the place of his death. It may be that the current carried him to the eastern side of Greenland and that he was compelled to make for Shannon Island. He was aware that there are several catches there and if he reached that point he would find supplies enough to sustain him for two or three years or even longer. In that case we might not hear of him for three or four years, for he would be obliged to wait until some whaler put in there as the whalers sometimes do."

"It is fortunate indeed that Capt. Bartlett is going to Etah, Cape York and Upernivik, the most likely places to find the doctor, and personally I am very glad indeed, for it relieves me of a very hard task. I want to get away on a trip, but it is not a ship cruise I crave, but a canoe trip on a hunting and fishing expedition, with perhaps some incidental exploration. I may get to Labrador, although my plans are not definite at present."

"It is my belief that the men who attacked the Pole by the Greenland route are all wrong and are wasting their time. I believe that the only way to get to the Pole is to start at Bering Sea and go with the current. Of course there are two currents, or rather the current divides, and those who have attempted that course have got into the wrong current. All the explorers know of this route and of the current, but the trouble is this scheme would take too long; it would require three or four years, and they do not want to give up the time. But that current must carry one either over or very near to the Pole, and that that is the only way to get there."

### DR. MACNICHOLL

#### TALKS ON EFFECT OF ALCOHOL ON CHILD LIFE

NEW YORK, June 14.—Dr. T. Alexander MacNicholl of 101 West Sixty-sixth street, this city, read a paper on Tuesday last at Atlantic City at a congress of physicians which has stirred up talk, the uproar swirling about the doctor's reported statement that a large percentage of the school children of the metropolis were degenerate owing to the misuse of alcohol by their parents and to its more or less daily use in small quantities by the pupils themselves.

Dr. MacNicholl said yesterday that he had no wish to enter into any personal controversy that his investigations as to the effects of alcohol on child life had been undertaken solely for scientific purposes and that he had spent fifteen years at the work in collaboration with other scientific investigators. But in view of the publicity that had attended the reading of his paper at Atlantic City he said he felt that it would be proper for him to make a brief statement. In the first place, he said, his paper was entitled "The Relation of Alcohol to Child Life." Not to school child life, and the principal declaration in it referred to children generally; of the statements which had provoked controversy only one mentioned children in the schools specifically.

The paper, he said, was presented to the American Medical society for the Study of Alcohol and Other Narcotics, a society composed of medical educators and investigators from every section of the United States, and reported the doctor's study of 50,000 children of all ages from infancy to 10 years. Manifestly, as he pointed out, this included several years in the child life before the age of schooling and a few years in the life of many after schooling had ceased.

"A few of the facts embodied in the report," he said, "are as follows: Existing in some sections of our great American metropolis that parallel the historic liberality of ancient Sodom conditions, with a growing disregard for legal restraint that are capable of an extension that would endanger the integrity of our municipal life."

Fifty-eight per cent. drink some form of alcoholic beverage occasionally or at regular intervals. Thirty-seven per cent. drink one glass of beer a week to five glasses of beer a day. Twenty-one per cent. drink wine or spirits.

In some groups the percentage of occasional and regular drinkers runs as high as 75 per cent. Of those attending schools 46 per

## A PLAIN STATEMENT OF FACTS

For several years past, the retail dealers of Lowell have closed their stores on THURSDAY AFTERNOON AT 12.30 DURING THE SUMMER months. The Butchers and Grocers close the year round on the same afternoon, at the same time.

A few weeks ago, at a meeting of the Retail Merchants' association, to which we do not belong, at which less than twenty stores were represented, it was voted to close their stores this year on TUESDAY AFTERNOON, Ironing Day, instead of THURSDAY. This does not meet with our approval, as we have made as careful a canvass of our customers and employes as possible and the result shows us that THURSDAY is by far a more desirable day for closing.

Consequently, our store will be open on TUESDAY AFTERNOON as usual, and WILL BE CLOSED AT 12.30 ON THURSDAYS during July, August and September, beginning July 8th, and continuing to September 23rd inclusive.

#### CARRIED PARTY FROM PITTSFIELD TO EAST ALSTEAD, N. H.

PITTSFIELD, June 14.—After drifting for seven hours above the clouds Saturday night, Wm. C. Braithall and J. A. Johnston of Boston, who made a midnight ascension in the balloon Massachusetts from here Saturday night, Van Sleet, pilot, descended at Dumfries, Vt., at 6 o'clock yesterday morning in a lot near a farmhouse and breakfasted with a farmer.

The balloon was tied to a tree while the aeronauts were at breakfast and as the sun came out strong the Boston men, delighted with their long night experience, decided to extend the trip and reentered the balloon, which ascended and carried the party to East Alstead, N. H., where a landing was made. The distance, air line from Pittsfield, is about 65 miles.

For long periods Saturday night the balloon remained stationary in the upper air and no attempt was made to negotiate a landing. Toward morning, by jockeying the balloon, an air current was found which swept the balloon over the state line into Vermont and in the direction of Dumfries.

This is the first time in the experience of pilot Van Sleet that a balloon party has stopped en route for food and re-embarked.

### THE REGENTS

#### DECIDE TO ESTABLISH COURSE IN JOURNALISM

SAINT PAUL, Minn., June 14.—The efforts of students of the University of Minnesota for the past two years to persuade the regents to establish a course in journalism have succeeded and the university will begin making newspaper men according to the most approved rules in the fall. The course has finally received the hearty endorsement of the university authorities and will be made thoroughly comprehensive.

Minnesota's action follows that of Missouri and of several leading American universities. The course laid out for the training of Minnesota youth in the newspaper profession will be thoroughly practical and one of its important features, already decided upon, is that in addition to the regular class room work the course will be largely dependent upon lectures from prominent newspaper men in the northwest, known for their experience and ability. These lectures will constitute the mainstay of the course and the other work will be built up around them. In such a way as to bring the practical problems of newspaper making and news gathering to the fore.

Governor John A. Johnson, who is by profession a newspaper man and who has long been an expert in reporting, has been editor of the chair and as an owner of newspapers will be one of the lecturers this fall, and associated with him will be other men equally well known in the profession in the Northwest.

The course is designed to prepare bright young men with requisite qualifications for work on modern newspapers and the ambition of the university authorities is to make the course sufficiently complete and to conduct it along such lines that a graduate will be equipped to take up the work of newspaper reporting without other preparation. It is believed that with the co-operation of Northwestern newspaper men this can be brought about.

The university offers its own field for practice, the students themselves being the publishers of a bright daily newspaper of considerable pretensions. There are several other student publications, several of which have already done good work in training students for active newspaper work.

### AN INSPECTION

#### OF 1000 MILES OF THE MISSISSIPPI

#### SIPPI

ST. PAUL, Minn., June 14.—One thousand miles of the Mississippi river will be inspected in a most thorough manner by the inland waterways commission, acting under instructions from congress, the work to be performed within the next two months. After completing the examination of the sections of the river for which deep water channel plans are under consideration, the commission will complete its work by visiting Europe and making a very careful study of the uses to which rivers are put in the old world.

Official announcements state that the commission will meet in Buffalo on July 1, proceeding up the lakes to Duluth and thence to St. Paul, making this the starting point for the long down-river journey upon which the commissioners will be accompanied by prominent government engineers engaged in river work.

The commission will be met at St. Paul by prominent business men interested in the deeper channel project and several important matters included in the proposed harbor plans for St. Paul, the improvement of the Minnesota river and the high dam question which covers proposed work between St. Paul and Minneapolis.

From Saint Paul the route of the commission will be down the river to the mouth of the Ohio, inspecting the work at various points and investigating recent developments in the improvement plan. The commissioners will not inspect the lower river but will leave late in July for Germany.

After a study of German methods of making rivers transport bulky freight, the commission will proceed to Holland to study the canals of that country, visiting England, and Austria in turn.

From the head of navigation at St. Paul to the mouth of the Ohio, the trip will be made on government boats. All the expenses of the investigation are to be borne by the government.

### COST HIM \$2000

#### O'CONNOR YIELDED UP THAT SUM

NEW YORK, June 14.—Chas. O'Connor, who recently lived in Troy and is now at 24 West Thirty-sixth street, appeared in the Yorkville police court yesterday to prosecute Miss Theresa Cargnello on a charge that she obtained \$2000 from him on representations that she did not fulfill.

It came out in the examination that there was a tender feeling between the two at the beginning of their acquaintance a few months ago. Miss Cargnello said the man proposed marriage to her, but she declined to accept his proposal until she was better acquainted with him. He used to visit her at her home, 227 Waverly place.

O'Connor said he used to be an actor and had also been in the hotel business. The way in which he parted with his money, he said, was that the woman proposed that they buy out the grocery and wine business of Russo & Maccheverri, at 365 Ninth avenue, and go into partnership.

After giving her the money he was unable to get title to the grocery and wine business and he could not get his money back. He complained to the police and the arrest followed.

Joseph Russo of the grocery firm said he had not sold out his interest and further that Miss Cargnello was not interested in his business other than being acquainted with his partner. Magistrate Herbert adjourned the case and held the woman in \$3000 bail.

## CHILDREN'S DAY

Was Observed in the Protestant Churches

Yesterday was children's day in the Protestant churches throughout the city, and large congregations were the order of the day. There was an abundance of flowers and song. All of the churches were decorated and the little ones were happy.

## Highland Congregational

At the Highland Congregational church the day was observed with a concert in the afternoon and there were many present. There was a very fine program by the young people under the direction of Frank Spooner, assisted by the church quartet. Among the numbers were:

Exercise, "Christ Our Captain," Alfred Barr, Marshall Phil, James Bradley, Arthur Blanders, Howard Lighnam, recitation, "I Want to Tell You," Margaret Robinson, exercise, "The Heart," kindergarten department, recitation, "The Little Lad," Marion Bradley; recitation, "Only a Baby," Carlton Gardner; offertory exercise, Joe Rogers, Philip Brown, John Thompson, Willie B. Shee, recitation, "The Reason Why," Emily Burke, recitation, "He Did Not Know," Dorothy Spooner, exercise, "Daisy Children," Virginia Sargent, Elbert Grant, Harold Bryant; recitation, "One Day for the Children," Eleanor McIntire, recitation, "A Cluster of Violets," Anna Way. Plans were distributed to the children at the close of the service.

The graduation exercises of the different departments of the Sunday school were held during the noon hour, a large number of children being promoted. Much credit was due the superintendent and the teachers for the proficiency shown in Bible knowledge. Frank I. Spooner, the superintendent, and Rev. A. E. Daniels spoke words of encouragement to the children.

## First Universalist

Children's day services at the First Universalist church were well attended. The following program was given under the direction of the assistant superintendent, Mr. Charles H. Stuckney, and the chorister, Mr. Horace E. Moody:

Organ voluntary; processional hymn; anthem, responsive reading; song; prayer; offertory solo, "A Song of Trust," Miss Nettie M. Studley; recitation, "Children's Day," Miss May Sherburne; exercise, "Little Red Clover," Misses Mae Bangs and Dorothy Leedy; recitation, "His Service," Miss Helen McLean; exercise, "A Bunch of Daisies," Misses Josephine Harmon, Mildred Cunningham, Rosaline Milton, Ruth Houghton, Marion Downs, Lillian Ferguson; song, school; solo, "Message of Roses," Miss Linnæa Caruthers; dedication of children; song, "Beautiful, Beautiful Flowers," kindergarten; recitation, "Children's Day," Master Roy Arnold; exercise, "Life Plans," Master Donald Eberbach and Sidney C. Varney; recitation, "I am a Little Soldier," Master Bertram Needham; exercise, "Children's Day," Masters Roger Clapp, Forrest S. Var-

ney, Normand Rhodes, Clifford Bliley, Edward Bell, Misses Flora Long, Gladys Long, Dorothy Howard, Margaret Adams, Mary Toby, Hannah Adams, Cornelia Tobey, song, school exercise, "In Lands of Darkness," Miss Lorraine Esterbrook, Ruth Blakey, Marion Downs, Mildred Cunningham, Gladys Long; presentation of diplomas by the principal of the kindergarten department, Mrs. Hemenway; address by the pastor, Rev. C. E. Fisher, anthem, choir; distribution of plants; benediction; organ postlude.

## Eliot Congregational

Ten children were baptized at the Eliot Congregational church yesterday, water from the river Jordan being used. The water was brought to Lowell about a year ago by Asa Russell. The services were very beautiful and very impressive. The services opened with a baptismal procession led by a boy choir in cassocks and surplices. They sang, "Forward Christian Soldiers." Mary Dexter was the flower girl and as each child was baptized Miss Mary passed the baptized one a beautiful crown posied. The youngest child baptized was two months old and the eldest was seven years.

## Centralville Methodist

The Centralville Methodist church was prettily decorated for children's day. The pulpit was banked with flowers and the steps and stairs were decorated in the decorations. There was a large attendance of children.

## Paige Street Church

Children's day was observed yesterday at the Paige Street Free Baptist church. At the morning service there was a fine program by the children of the Sunday school under the direction of the superintendent, Mr. Walter A. Chase.

## Kirk Street Church

The officers of the Sunday school together with members of the church performed the part of the service that usually devolves upon the pastor. There is no regular pastor at the Kirk Street church. Supt. Frank W. Hall of the Sunday school, John J. Rogers, James W. C. Pickering and Arthur K. Whitcomb conducted the devotional part of the service and the choir sang anthems in addition to the songs of the children. The little ones who gave recitations were Carroll Black, Louise Thompson, Donald McAllister, Ruth Cooke, Grace Gillis, Gladys Foster, Jessie Gillis, Harriet Black, Gloria Phil, Thirza Curtis, Marion Jackson, Doris Alexander, Eleanor MacBrayne, Alice Whiteside, William A. Thompson, Hildon D. Wetherbee, Louis Duplessis.

The offertory was not taken by the deacons, but by several boys, Norrie W. Marston, Roland Phil Boutwell, Foster, J. Rogers Fletcher, Fisher J. Pearson, Jr., Donald Fletcher, Frederick Fletcher, and Howard E. Marston, who made it a unique part of the service.

The evening services at the Kirk Street church have been discontinued until September.

## Pawtucket Church

At the Pawtucket church Sunday morning the features of the children's day service were the excellent singing of the school under the direction of Mr. W. C. Hamblet, the graduation of a number of little children from the cradle roll into the primary department, the general excellence of the recitations and the beauty of the decorations.

## First Presbyterian

Children's day was observed in the morning at the First Presbyterian church, the front balconies and platform being fully occupied by the junior and primary departments of the Sabbath school. The exercises consisted of recitations, solos and choruses by the children, and an anthem by the church choir, which was finely rendered. Diplomas were presented by the assistant superintendent, James Allister, to the graduates from their respective departments. Prizes were given for attendance and good conduct. Master Clark, a boy of 10 years, receiving a Bible from the general assembly for repeating the whole of the shorter catechism without a mistake. Rev. J. M. Craig gave a short address, and Robert Moir for the committee, told of the action and purposes of the committee to make the celebration of the 40th anniversary of the founding of the church on the evening of June 23, a grand success. Ancient York lodge, F. A. M., has been invited to dedicate the memorial window to the late pastor, Rev. Robert Court, D. D., which they presented to the church. The invitation has been accepted, and this, with the other exercises, will be very interesting.

## First Baptist Church

Children's day exercises were held at the First Baptist church yesterday and the attendance at the service was very

FRAMERS OF THE INCOME TAX MEASURE;  
SENATOR WHO AIDS BIPARTISAN COMPACT

WASHINGTON, June 14.—The coalition of republicans and democrats will have a test of strength on June 15, when the Bailey-Cummins income tax measure will come before the senate. The advocates of the income tax agreed so readily on the nature of the proposed law that they felt sure that instead of losing they will gain strength by the time the final vote is taken. Senator Bailey of Texas promptly accepted the Cummins amendment making the income tax 2 percent of 3 percent and thus won the pledge of support of all that wing of the republican majority in the senate which favors a tariff revision downward. Senator Borah of Idaho also was instrumental in bringing about the coalition of the income tax advocates, and a test of its strength was shown when seven republican senators voted for immediate consideration of the measure. They were Borah, Bourne, Brewster, Clapp, Cummins, La Follette and Pilex. All of the democrats, including McHenry and Foster, voted with the income tax leaders.

large. The following program was carried out:

Organ prelude; Salut D'Amour, Elgar; doxology; invocation; hymn; responsive reading; singing, "We Give You a Welcome Today," adult school; recitation, "This is Children's Day," Hazel Walker, Florence Barrett, Lena Young; song, "Hark to the Children's Voices," primary department; recitation, "Discontent," Elsie Aspin; children's exercise, kindergarten, Walter Barrett, Edith Anderson, Dorothy Flendings, George Walker, Alice Peron, Gladys Shaffer, Martha Matthews, Elizabeth Gardner, John Waters, Ethel Adams, Irene Bourden, Lawrence Cummings; song, Alice French; recitation, "Flowers and Children," Doris Polk; song, primary department, "Just a Little Pansy," A Cluster of Daisies, Norma Robinson, Marion Carter, Hazel Melton, Ruth Smith, Marion Hodgman, Florence Lampiere, Emma Smith, Carmelita Varney, Edith Burham, Bessie Kazangin, Isabella Stockman; recitation, "A Wild Rose," Florence; recitation, "Nature Smiles," Edith Anderson; recitation, "Daisies," Doris Smith; song, "I Will Try—Will You?" Dorothy Flendings; recitation, "Grandpa's Children's Day," Esther Stocks; recitation, Matilda Gore; recitation, "Dandelion," Violet Hands; exercise, "Out in the Garden," Mildred Tinker, Elsie Logan, Edith McKinnon, Minnie Carpenter, Maxwell Keeler, Ruth Braham, Karen Olson; song, kindergarten, "Very Little Tots"; exercise, "Master Them for Jesus," Leonard French, Oliver Cummings, Harold Sanderson, Raymond Gardner,

Harry Johnson, Alfred Lawson; song, "Scrubbeans," Percy Bennett, Thomas Bennett; exercise, "Self," Thomas Stuart, Willie Walker, Percy Bennett, Willie Anderson; collection, song, "Blossom Bells," primary department; organ, postlude, "Fairest," by DuBois.

## First Trinitarian

The exercises at the First Trinitarian church were very elaborate. All services held during the day were given special significance and the attendance was large. The church was prettily decorated. About the front of the altar were massed some 250 plants, mostly geraniums in bloom, and cut flowers and wild flowers. A dozen young people were received into membership in the church. Fourteen infants were baptized, the water used in the ceremony having been brought to Lowell by Rev. George F. Kenngott from the river Jordan.

## MEMORIAL DAY

OBSERVED BY SAMUEL H. HINES LODGE K. OF P.

Samuel H. Hines lodge, Knights of Pythias observed its memorial Sunday yesterday in an appropriate manner. The members met at the castle, 134 Merrimack street, at 9.30 a. m., when the opening part of the Pythian service was carried out by the officers of the lodge, C. C. William H. Harvey presiding.

Barges were taken to the Lowell cemetery where 17 graves were decorated after which the members assembled around the Pythian lot in Washington avenue and the closing ceremonies were carried out by P. C. Alvan E. Joy as C. C. and W. H. Harvey as prelate.

Appropriate selections were sung by the grand lodge quartet, consisting of Stanley Scott and E. E. Mansur, tenors, and A. E. Joy and R. J. Fullerton, basses.

An address was delivered by P. C. Alvan E. Joy in the lodge room as the closing part of the ceremonies. He was listened to with interest by those who were present. The observance of the day was in charge of P. C. Robert J. Fullerton, assisted by a committee of 13 members of the lodge.

## MORE LAND

TO BE BOUGHT BY THE LONGMEADOW CLUB

The Longmeadow Golf club purposes to lay out three fine tennis courts on its land at the end of Andover street, in Tewksbury. It is the intention of the club to purchase an acre of land situated in the field just in the rear of the club house and running up back of the number three green and number four tee.

The committee in charge expects to pass the deeds very soon, the only ob-

stacle at present in the way being the releasing of certain rights of way over the ground to be purchased and which will become useless and unnecessary when the club has possession. C. I. Reed now owns the land.

The use to which the land will be put is for three clay tennis courts of the most approved style of modern construction and which will add to the enjoyment of the members of the club to a large extent.

Fred C. Church carried the insurance on the Martins Gage property, 534 Bridge street, damaged by fire Saturday afternoon.

# THE TARIFF BILL

## Senate May Vote on the Measure Next Saturday

WASHINGTON, June 14.—The feeling in all factions in the senate is that the tariff bill is approaching the last days of its consideration in the senate.

Senator Aldrich is hopeful that the end may be reached by next Saturday and many of the conservative republicans as well as many of the democrats, are inclined to agree with this prediction.

The "progressive republicans" are not quite so optimistic, but Senator Beveridge is of the opinion that the final vote will not be postponed beyond the end of next week.

The week will be devoted to a general cleaning up. With the exception of one disputed point in the silk schedule, the senate last week concluded its second consideration of the bill and disposed of all paragraphs of the schedules on which the committee had reported.

Among the questions not acted on in committee were many disputed points but there was an effort to dispose of them rapidly and it is believed that comparatively little time will be taken on any of them.

Among the more important provisions still to be considered are those pertaining to lumber, wood pulp, print paper, hides, coal, zinc, window glass, scrap iron, cotton ties, cotton bagging, leather goods, binding twine and petroleum.

In the paper schedule the principal items to be considered are the duty on ground wood and print paper. It seems probable that the ground wood, or pulp, will be left free, but that the rate on paper will be made \$4 a ton instead of \$2, as fixed by the house, and \$5 as in the present law.

This provision will be left open as long as possible to permit Senator Hale, who has been absent because of illness, to be present when the subject comes up. He will stand out staunchly for a stiff duty on all of these articles.

Hides, coal and petroleum are giving the finance committee no little concern, but the present indications

are that the senate will place a duty on all of these articles.

There is a demand for a reduction and a reclassification of the window glass schedule, but any prediction as to what the result might be would be misleading. The same may be said of the contest between pig iron and scrap iron in the metal schedule.

The southern senators are making an earnest though probably an unsuccessful effort to have cotton ties and cotton bagging made free of duty and the binding twine provision has been held up until the cotton tie question can be decided.

The leather schedule including leather, leather goods is suspended, awaiting the decision on hides. Other important articles which remain undecided are pineapples and monazite and thorite, which are ingredients in the mantles of incandescent lights. It is also understood that the finance committee will bring in some future changes in the silk schedule.

#### ATTENDED HILL CLIMBING CONTEST IN WORCESTER

The members of the Local Automobile club who went to Worcester, Saturday to witness the hill climb at Dead Horse Hill had a delightful trip despite the fact that some of the drivers lost their way and got into Worcester after a roundabout route.

The Lowell delegation was headed by President John O. Heinze and Secretary John A. McKenna of the auto club who had as their guest Mayor Brown. They were the guests of Mayor Logan of Worcester during the day.

The party arrived home in the early evening.

Ladies' Day, Thursdays, Turkish Baths, Middle St. Experienced attendants in charge. Everything renovated.

## FOUR RESCUED

### One Woman Lost Her Life

PROVIDENCE, June 14.—Several rescues of drowning people were made in the rapidly running tides of the Seekonk river at its narrowest part near India point last evening. Mrs. Valerie Petit, 26 years old, who lived on Raymond avenue near the East Providence line, was drowned just as two passersby leaped to her aid. They were a second too late to grasp her. She was not seen after word and last night by Harbor-master Maguire and Capt. Matthews dragged the river for the body.

Men who refused to give their names saved at their own great peril the lives of Joseph Roberts, 25 years old, his wife, Mary, 25, their son, George, 5 years old, and Edmund Pettit, 25 years old, husband of the woman whose life was lost. All those rescued were taken to a nearby house on India street and cared for.

The Roberts family was hurried away to the hospital in ambulances, all being unconscious for a time. Pettit was attended by doctors near the scene of the accident. He was suffering deeply from his experience in the water and because of his wife's death.

The disaster followed a day of pleasure down Narragansett bay at the shore resorts. The parties all resided at Pawtucket and they made the excursion from that city in a small cable boat. They were on the return trip and near the bridge of the N. Y. N. H. & H. railroad at India point. It is one of four which has to be passed in the navigation of the Seekonk. The main sheet jibed and the boom struck the heavy stringers which guard the structure on each side, sending the craft over and throwing all the occupants into the swirling tides. The fortunate presence of passersby prevented a more serious loss of life.

### SCALP WOUND

#### MAN FELL FROM AN ELECTRIC CAR

Newell Hayes, aged about 60 years, fell from an inbound electric car in Chelmsford street last night about 8:45 o'clock. He was alighting from the car when his foot got caught and he was thrown to the street. He suffered a scalp wound and a fracture of the thumb.

The injured man was placed aboard the car and at the turnout at Grand street was transferred to the ambulance and removed to St. John's hospital.

## THE PEARY PARTY

### Will Try to Reach Dr. Cook

NEW YORK, June 14.—Although the projected special relief expedition for the rescue of Dr. Frederick A. Cook in the Arctic regions was abandoned or at least did not materialize with the opening of the year, it became known yesterday that efforts to reach Dr. Cook are to be made this summer and that notwithstanding any controversy that there may be between Lieut. Peary and Dr. Cook or between the friends and supporters of the two men it may turn out that navigators going to the assistance of Peary this season may return with Dr. Cook or with word from him.

The statement was made by Dillon Wallace, the explorer who went north with the late Leonidas Hubbard and who had been asked last winter to take charge of the proposed Cook relief expedition. Mr. Wallace was at the studio of L. B. Deming, the painter of Indian life, last evening when he talked of the matter, surrounded by some of Mr. Deming's interesting canvases and some of his own Labrador relics.

"I was asked to go on the Cook relief expedition last January," he said, "and I felt obliged to decline for several reasons. A thoroughly equipped relief expedition would have been very costly, and it really seemed to me useless to attempt winter work there. Moreover, it is my opinion that in all probability Dr. Cook is either at Etah, Cape York of Upernivik. If he is not perished, and if he is at any of those places he will be found this summer by the relief supplies to Peary."

It is most fortunate that Capt. John Bartlett is going north on this work. He starts on July 15 to take call to Peary, and he will visit Upernivik, Cape York and Etah. Capt. Bartlett is an experienced man in those latitudes and he will get into communication with the Eskimos and will be able to make inquiries for Dr. Cook. He is not finding him at one of those points, and if there is any information to be had he will get it.

Dr. Cook ought to be at Etah. He should have been there last September, and the man he left there had authority to come home at the time Peary's party reached there if the doctor had not been returned. The doctor was not there then, but of course he might have been delayed longer than he expected.

"If by this time he has not reached one of those places I am afraid he is not living, although it is possible that he may have been forced around to the other side of Greenland. It may be that the doctor carried his boat to the eastern side of Greenland and that he was compelled to make for Shannon Island. He was aware that there are several catches there and if he reached that point he would find supplies enough to sustain him for two or three years or even longer. In that case we might not hear of him for three or four years, for he would be obliged to wait until some whaler put in there as the whalers sometimes do."

"It is fortunate indeed that Capt. Bartlett is going to Etah, Cape York and Upernivik, the most likely places to find the doctor, and personally I am very glad indeed, for it relieves me of a very hard task. I want to get away on a trip, but it is not a ship cruise I crave, but a canoe trip on a hunting and fishing expedition, with perhaps some incidental exploration. I may get to Labrador, although my plans are not definite at present."

"It is my belief that the men who attempt the Pole by the Greenland route are all wrong and are wasting their time. I believe that the only way to get to the Pole is to start at Bering Sea and go with the current. Of course there are two currents, or rather the current divides, and those who have attempted that course have got into the wrong current. The explorers know of this route and of the current, but the trouble is this scheme would take too long; it would require three or four years, and they do not want to give up the time. But that current must carry one either over or very near to the Pole, and I think that that is the only way to get there."

### DR. MacNICHOLL

#### TALKS ON EFFECT OF ALCOHOL ON CHILD LIFE

NEW YORK, June 14.—Dr. T. Alexander MacNicholl of 121 West Sixty-sixth street, this city, read a paper on Tuesday last at Atlantic City at a congress of physicians which has stirred up talk, the uproar swirling about the doctor's reported statement that a large percentage of the school children of the metropolis were degenerate owing to the misuse of alcohol by their parents and to its more or less daily use in small quantities by the pupils themselves.

Dr. MacNicholl said yesterday that he had no wish to enter into any personal controversy; that his investigations as to the effects of alcohol on child life had been undertaken solely for scientific purposes and that he had spent fifteen years at the work in collaboration with other scientific investigators. But in view of the publicity that had attended the reading of his paper at Atlantic City he said he felt that it would be proper for him to make a brief statement. In the first place, he said, his paper was entitled "The Relation of Alcohol to Child Life," not to school child life, and the principal declarations in it referred to children generally; of the statements which had provoked controversy only one mentioned children in the schools specifically.

The paper, he said, was presented to the American Medical Society for the Study of Alcohol and Other Narcotics, a society composed of medical educators and investigators from every section of the United States, and reported the doctor's studies of 30,000 children of all ages from infancy to 19 years. Manifestly, as he pointed out, this included several years in the child life before the age of schooling and a few years in the life of many after schooling had ceased.

A few of the facts embodied in the report, he said, are as follows: These studies reveal conditions existing in some portions of our great American metropolis that parallel the historic depravity of ancient Sodom, conditions with a growing disregard for legal restraint that are capable of an extension that would endanger the integrity of our municipal life.

Pittsburgh, for example, drinks some form of alcoholic beverage occasionally or at regular intervals.

Thirty-seven per cent. drank one glass of beer a week to five glasses of beer a day.

Twenty-one per cent. drank wine or spirits.

In some groups the percentage of occasional and regular drinkers runs as high as 75 per cent.

Of those attending schools 46 per

## A PLAIN STATEMENT OF FACTS

For several years past, the retail dealers of Lowell have closed their stores on THURSDAY AFTERNOON AT 12.30 DURING THE SUMMER months. The Butchers and Grocers close the year round on the same afternoon, at the same time.

A few weeks ago, at a meeting of the Retail Merchants' association, to which we do not belong, at which less than twenty stores were represented, it was voted to close their stores this year on TUESDAY AFTERNOON, Ironing Day, instead of THURSDAY. This does not meet with our approval, as we have made as careful a canvass of our customers and employes as possible and the result shows us that THURSDAY is by far a more desirable day for closing.

Consequently, our store will be open on TUESDAY AFTERNOON as usual, and WILL BE CLOSED AT 12.30 ON THURSDAYS during July, August and September, beginning July 8th, and continuing to September 23rd inclusive.

### BIG BALLOON

#### CARRIED PARTY FROM PITTSFIELD TO EAST ALSTEAD, N. H.

PITTSFIELD, June 14.—After drifting for seven hours above the clouds Saturday night, Wm. C. Bramhall and J. A. Benton of Boston, who made a midnight ascension in the balloon Massachusetts from here Saturday night, Van Sleet, pilot, descended at Dumfries, N. H., at 6 o'clock yesterday morning in a lot near a farmhouse and breakfasted with a farmer.

The balloon was tied to a tree while the aeronauts were at breakfast and as the sun came out strong the Boston men, delighted with their long night experience, decided to extend the trip and reentered the balloon, which ascended and carried the party to East Alstead, N. H., where a landing was made. The distance, air line from Pittsfield, is about 85 miles.

For long periods Saturday night the balloon remained stationary in the upper air and no attempt was made to negotiate a landing. Toward morning, by jockeying the balloon, an air current was found which swept the balloon over the state line into Vermont and in the direction of Dumfries. This is the first time in the experience of pilot Van Sleet that a balloon party has stopped en route for food and re-embarked.

### THE REGENTS

#### DECIDE TO ESTABLISH COURSE IN JOURNALISM

SAINT PAUL, Minn., June 14.—The efforts of students of the University of Minnesota for the past two years to persuade the regents to establish a course in journalism have succeeded and the university will begin making the practical problems of newspaper making and editing a part of the approved rules in the fall. The course has finally received the hearty endorsement of the university authorities and will be made thoroughly comprehensive.

Minnesota's action follows that of Missouri and of several leading American universities. The course laid out for the training of Minnesota youth in the newspaper profession will be thoroughly practical and one of its important features, already decided upon, is that in addition to the regular class room work the course will be largely dependent upon lectures from prominent newspaper men in the northwest, known for their experience and ability. These lectures will constitute the mainstay of the course and the other work will be built up around them in such a way as to bring the practical problems of newspaper making and editing to the fore.

Governor John A. Johnson, who is by profession a newspaper man and who has had long experience in reporting, in the editor's chair and as an owner of newspapers will be one of the lecturers this fall, and associated with him will be other men equally well known in the profession in the Northwest. The course is designed to prepare bright young men with requisite qualifications for work on modern newspapers and the ambition of the university authorities is to make the course sufficiently complete and to conduct it along such lines that a graduate will be equipped to take up the work of newspaper reporting without other experience. It is believed that with the co-operation of Northwestern newspaper men this can be brought about.

The university offers its own field for practice, the students themselves being the publishers of a bright daily newspaper of considerable pretensions. There are several other student publications, several of which have already done good work in training students for active newspaper work.

### AN INSPECTION

#### OF 1000 MILES OF THE MISSISSIPPI

ST. PAUL, Minn., June 14.—One thousand miles of the Mississippi river will be inspected in a most thorough manner by the inland waterways commission, acting under instructions from congress, the work to be performed within the next two months. After completing the examination of the sections of the river for which deep water channel plans are under consideration, the commission will complete its work by visiting Europe and making a very careful study of the uses to which rivers are put in the old world.

Official announcements state that the commission will meet in Buffalo on July 1, proceeding up the lakes to Duluth and thence to St. Paul, making this the starting point for the long down-river journey, upon which the commissioners will be accompanied by prominent government engineers engaged in river work.

The commission will be met at St. Paul by prominent business men interested in the deep water channel project and several important matters including the proposed harbor plans for St. Paul, the improvement of the Minnesota river and the high dam question which covers proposed work between St. Paul and Minneapolis.

From Saint Paul the route of the commission will be down the river to the mouth of the Ohio, inspecting the work at various points and investigating recent developments in the improvement plan. The commissioners will not inspect the lower river but will leave late in July for Germany. After a study of German methods of making rivers transport bulky freight, the commission will proceed to Holland to study the canals of that country, visiting England, and Austria in turn.

From the head of navigation at St. Paul to the mouth of the Ohio the trip will be made on government boats. All the expenses of the investigation are to be borne by the government.

### COST HIM \$2000

#### O'CONNOR YIELDED UP THAT SUM

NEW YORK, June 14.—Chas. O'Connor, who recently lived in Troy and is now at 24 West Thirty-sixth street, appeared in the Yorkville police court yesterday to prosecute Miss Theresa Cargnello on a charge that she obtained \$2000 from him on representations that she did not fulfill.

It came out in the examination that there was a tender feeling between the two at the beginning of their acquaintance a few months ago. Miss Cargnello said the man proposed marriage to her, but she declined to accept his proposal until she was better acquainted with him. He used to visit her at her home, 227 West 42d street.

O'Connor said he used to be an actor and had also been in the hotel business. The way in which he parted with his money, he said, was that the woman proposed that they buy out the grocery and wine business of Russo & Macchaverni, at 505 Ninth avenue, and go into partnership.

After giving her the money he was unable to get title to the grocery and wine business and he could not get his money back. He complained to the police and the arrest followed.

Joseph Russo of the grocery firm said he had not sold out his interest and further that Miss Cargnello was not interested in his business; other than being acquainted with his partner. Magistrate Herbert adjourned the case and held the woman in \$2000 bail.

# If You Have Any Hair Trouble Read This

People might as well look facts in the face and not be humbugged any longer by dangerous and worthless preparations for the hair. The vital point to remember is this: Dandruff is the direct cause of nearly every case of baldness, and is also the principal cause of many other ailments of the hair and scalp. The one thing needed above all other things to overcome dandruff and give the hair the gloss of health is cleanliness. You have got to clean the scalp of scales and dandruff, and you have got to keep the pores of your scalp open, before you can hope to have beautiful hair. From the sebaceous glands on your head there constantly comes an oily secretion to moisten the scalp and give a gloss to the hair. Floating in the air are millions of fine particles of dust, dirt and disease germs. These settle upon the head, mix with the oily secretion, and in a very short time dandruff and scales are formed. These scales stop up the pores, so that the hair roots are not nourished as they should be. And then the hair becomes sick, dies and falls out. Some people allow all this dirt and disease and filth to accumulate on their heads for weeks or months without

washing the scalp and hair. Everybody's head and hair ought to be washed at least once a week, no matter what anybody else tells you. But don't make the mistake of using common soaps and shampoos. Common soaps contain too much alkali, and they leave the hair dry and harsh, and they do not leave the scalp in a healthy condition. Improper soaps and shampoos actually do more harm than good. You should use the one thing in all this world which is above suspicion and above criticism, and that is Birt's Head Wash. It is made of Refined Soap, Cokkin Coconut Oil, White of Eggs, Glycerin and Salicylic Acid. This formula is so generally recognized as proper that you are invited to ask any physician you know what he thinks about it. Birt's Head Wash doesn't simply take off the dirt, dandruff, germs and microbes, but it leaves the scalp soft and moist and the hair fine and glossy. The first time you use Birt's Head Wash you can see an improvement in your hair, and its regular use will help to completely overcome dandruff. You will be astonished how many impurities will be found in your hair, and hair, because nothing takes them out like Birt's Head Wash. Price 50 cents a jar.

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. Wm. York, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, do not neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

We never publish a testimonial without the special permission of the writer, and then only when we are sure it is genuine. Such testimony should create confidence in all suffering women.

# CAPTAIN LOBERT OF CINCINNATI, WHO IS BATTLING POORLY THIS YEAR

CINCINNATI, June 14.—What a game of contradictions and uncertainties this national pastime of ours really is! One year ago Captain Hans Lobert of the Cincinnati Nationals was holding the cover off the ball, and Mike Mitchell, who crouched around in right field, was in the dumps, hitting enough air to supply the ozone trust. Nowadays "Mitch" is smashing the leather in his old familiar way, and Lobert is down with the infants in the nursery of the House of Swat. Now there's one thing about baseball which is part of the human drama which is responsible for its tremendous popularity—every fan body is entitled to his opinion, and no one is backward about expressing it. The possession of the captaincy and its attendant responsibilities is charged by some of the superficial observers as the cause for the Lobert slump. Captain Hans scoffs at the idea. There is no reason to believe that Lobert's batting will not improve. Perhaps he will cut loose with his consistent record of good old binges, freed from the wood before the season is a few weeks older. Lobert is a natural hitter, and when he does get to punching the ball into "the spots" where they ain't, as that German baseball philosopher, Heinie Peitz, was wont to say, the outlook for Cincinnati will be more brilliant.

reserved section with 6500 seats and an additional 2500 seats in the gallery.

Joe Humphries, chairman of the Geo. Dixon memorial fund, reports that the committee has finished its work and that as a result a monument has been erected in Hope cemetery and a drinking fountain erected at Broome and Thompson streets, New York. All told something like \$1700 was subscribed.

Frank Perron, the wallowing Paw-tucket lightweight, who has taken the place of Peck LaFavor in the estimation of the Army of A. A. fans, will be given a thorough tryout Tuesday night by Eddie Murphy, who can do hitting on his own account. Murphy used to drop his opponents in somewhat the same style as Perron has been doing up to date, and there is a feeling that this bout, listed for 12 rounds, will not go half that distance before somebody will be dropped. This contest promises as much action as that between McKinnon and Flynn which will take place the same night.

# ANNUAL OUTING OF THE LETTER CARRIERS WAS HELD YESTERDAY

The annual outing of the Letter Carriers' association was held yesterday at Beaver Brook farm, Pelham, N. H. The carriers turned out to a man and the event proved to be the most successful ever conducted by the association.

A fine list of sports was carried out, a musical and literary program was enjoyed and an excellent dinner served. One of the features of the day was the singing of Charles A. Carey who rendered several of the latest selections with much action.

The outing committee was as follows:

George L. Adams, John P. Shanahan, Joseph J. Ward, John W. Kennedy, Thomas F. Meagher, Joseph Meeker and George L. Hunt.

# ENOCH LORD

THROWN FROM ELECTRIC CAR AND INJURED

Enoch Lord of 58 South Whipple street was thrown from the running board of an electric car in South Lowell Saturday night about 7:45 o'clock. He struck on his head and was unconscious when picked up by bystanders. The ambulance was called and the injured man was taken to St. Joseph's hospital. It was at first believed that he was suffering from a fractured skull but the surgeons at the hospital could find nothing serious the matter with Lord, and his condition now is much improved.

# DRACUT

Lowell Gas Light Co. is to lighten Dracut with sunlight and that not moonshine either. One of Miss Webster's cooking demonstrations, given at Hillside Congregational church, Pleasant street, Tuesday afternoon at 2 p. m. The demonstration will demonstrate the following:

Plucked Chick

# NEWEST CONVERT

To Cause of Woman Suffrage

NEW YORK, June 14.—Mrs. Oliver H. Belmont of New York is the latest convert to woman suffrage, and suffragists all over the country are rejoicing over the new recruit. It was while she was in England that Mrs. Belmont was attracted to the movement, and she decided immediately.

# FAST BASEBALL

## Played by Local Teams Saturday

The Lowell Americans and the Glenavles of South Boston met at Washington park Saturday afternoon and gave an excellent exhibition of clever ball playing. The Lowell boys came out victorious by the score of 5 to 4, but it was not until the eighth inning that the winner could be determined. The score stood 4 to 4 until this inning, and with two out "Happy" O'Brien of the locals put the ball over the right field fence for a homer.

"Cy" Young is always a modest fellow but he was very much pleased with his success in his first game in Boston as a Nap.

"Bill" Bradley has begun to make those line drives that characterized his hitting several years ago. His hit Friday broke up the game in the seventh.

The National baseball commission has granted the application for reinstatement of W. Lawrence Gardner, who failed to report this spring to the Boston American league club.

Frank Bowerman is scouting for the Doves and was in Bloomington, Ill., Friday, Boston National players in Chicago say that they take no stock in the rumored change in management.

"Ted" Easterly is doing most of the Cleveland catching today because he is showing up strong at the bat. His one mistake Friday was a costly one, but otherwise he caught a fine game.

Regarding the story that Dahien is to manage the Doves, President George B. Doney wired from Memphis, "Doney in charge of team temporarily during absence of Bowerman, who is scouting."

Heine Wagner accepted three chances at second after he went in to take French's place, and played the territory on that side of the diamond like a veteran second baseman. His limp is still pretty bad yet, however.

There is small likelihood that Elmer Flick will be back in the game at all this year. He is not with the team here and does not show at the grounds in Cleveland when the Naps are home, not even for morning practice, although the last time he appeared he said he felt all right.

Wilbur Goode is considered the mascot of the Cleveland Indians. His finishing put him in the race in the great final last fall and while Raftery is perhaps a more finished player, Goode is coming all the time. It so happens that he is the only left-handed batsman on the team at present, aside from the two catchers, and he is proving to be a very good man to lead off.

## Lowell High Team Won Saturday

The Lowell high team went to Manchester Saturday and won an easy victory over St. Joseph's high school, defeating O'Connor for 17 hits.

Lowell plays Haverhill on Tuesday at Spaulding park, and Saturday afternoon at the same place. Lowell must win both these games in order to win the Merrimack Valley league championship.

## CHILDREN'S DAY

## Was Observed in the Protestant Churches

Yesterday was children's day in the Protestant churches throughout the city, and large congregations were the order of the day. There was an abundance of flowers and songs. All of the churches were decorated and the little ones were happy.

## Highland Congregational

At the Highland Congregational church the day was observed with a concert in the afternoon and there were many present. There was a very fine program by the young people under the direction of Frank L. Spooner, assisted by the church quartet. Among the numbers were:

Exercise, "Christ Our Captain," Alfred Barr, Marshall Hall, James Bradley, Arthur Planders, Howard Ingelhart, recitation, "I Want to Tell You," Margaret Robinson; exercise, "Little Hearts," kindergarten department; recitation, "The Little Lad," Marion Bradley; recitation, "Only a Baby," Carlton Gardner; offertory exercise, Joe Rogers, Philip Brown, John Thompson, Willie Piescher; recitation, "The Reason Why," Emily Burke; recitation, "He Did Not Know," Dorothy Spooner; exercise, "Daisy Children," Virginia Sargent, Elbert Grant, Harold Bryant; recitation, "One Day for the Children," Clarence McIntyre; recitation, "A Cluster of Violets," Anna Way. Plants were distributed to the children at the close of the service.

The graduation exercises of the different departments of the Sunday school were held during the noon hour, a large number of children being present. Much credit was due the superintendent and the teachers for the proficiency shown in Bible knowledge. Frank L. Spooner, the superintendent, and Rev. A. F. Dunnele spoke words of encouragement to the children.

## First Universalist

Children's day services at the First Universalist church were well attended. The following program was given under the direction of the assistant superintendent, Mr. Charles H. Stickney, and the chorister, Mr. Horace B. Moody:

Organ voluntary; processional hymn; anthem, responsive reading; song; prayer; offertory solo "A Song of Trust," Miss Nettie M. Studley; recitation, "Children's Day," Miss May Schurmer; exercise, "Little Red Rover," Misses Mae Bangs and Dorothy Leeds; recitation, "His Service," Miss Ella McLean; exercise, "A Bunch of Daisies," Misses Josephine Harmon, Mildred Cunningham, Rosaline Milton, Ruth Houghton, Marion Downs, Lillian Ferguson; song, school solo, "Message of Roses," Miss Lillian Carruthers; dedication of plants; song, "Beautiful, Beautiful Flowers," kindergarten; recitation, "Children's Day," Master Roy Arnold; exercise, "Life Plans," Master Donald Esterbrook and Sidney C. Varney; recitation, "I am a Little Soldier," Master Bertram Votham; exercise, "Children's Day," Masters Roger Clapp, Forrest S. Var-

ney, Normand Rhodes, Clifford Hille, Edward Bell, Misses Flora Long, Gladys Long, Dorothy Goward, Margaret Adams, Mary Toby, Hannah Adams, Cornelia Toby; song, school exercise, "In Lands of Darkness," Miss Christine Esterbrook, Ruth Dickey, Marion Downs, Mildred Cunningham, Gladys Long; presentation of diplomas by the principal of the kindergarten department, Mrs. Hemenway; address by the pastor, Rev. C. E. Fisher; anthem, choir; distribution of plants; benediction; organ postlude.

## Eliot Congregational

Ten children were baptized at the Eliot Congregational church yesterday, water from the river Jordan being used. The water was brought to Lowell about a year ago by Asa C. Russell. The services were beautiful and very impressive. The services opened with a baptismal procession led by a boy choir in cassocks and surplices. They sang "Onward Christian Soldiers." Mary Dexter was the flower girl and as each child was baptized, Miss Mary passed the baptized one a beautiful cream rosebud. The youngest child baptized was two months old and the oldest was seven years.

## Centralville Methodist

The Centralville Methodist church was prettily decorated for children's day. The pulpit was banked with flowers and the stars and stripes figured in the decorations. There was a large attendance of children.

## Paige Street Church

Children's day was observed yesterday at the Paige Street Free Baptist church. At the morning service there was a fine program by the children of the Sunday school under the direction of the superintendent, Mr. Walter A. Chase.

## Kirk Street Church

The officers of the Sunday school together with members of the church performed the part of the service that usually devolves upon the pastor. There is no regular pastor at the Kirk Street church. Supt. Frank W. Hall of the Sunday school, John J. Rogers, James W. C. Pickering and Arthur K. Whitcomb conducted the devotional part of the service and the choir sang anthems in addition to the songs of the children. The little ones who gave recitations were Carroll Black, Louise Thompson, Donald McAllister, Ruth Cooke, Grace Gillis, Gladys Foster, Jessie Gillis, Harold Fletcher, Gloria Phil, Thirza Curtis, Marion Jackson, Doris Alexander, Elinor MacBrayne, Alice Whiteside, William A. Thompson, Hilten D. Weltherbee, Louis Duplessis.

The offertory was taken by the deacons, but by several boys, Nurce W. Marston, Roland Phil Boutwell, Foster, J. Rogers Fletcher, Fisher, H. Pearson, jr., Donald Fletcher, Frederick Fletcher, and Howard E. Marston, who made it a unique part of the service.

The evening services at the Kirk Street church have been discontinued until September.

## Pawtucket Church

At the Pawtucket church Sunday morning the features of the Children's day service were the excellent singing of the school under the direction of Mr. W. C. Hamblin, the graduation of a number of little children from the cradle roll into the primary department, the general excellence of the recitations and the beauty of the decorations.

## First Presbyterian

Children's day was observed in the morning at the First Presbyterian church, the front balconies and platform being fully occupied by the junior and primary departments of the Sabbath school. The exercises consisted of recitations, solos and choruses by the children, and an anthem by the church choir, which was finely rendered. Diplomas were presented by the assistant superintendent, James Allister, to the graduates from their respective departments. Prizes were given for attendance and good conduct. Master Clark, a boy of 10 years, receiving a Bible from the general assembly for repeating the whole of the shorter catechism without a mistake. Rev. J. M. Craig gave a short address, and Robert Moir for the committee, told of the action and purposes of the committee to mark the celebration of the 40th anniversary of the founding of the church, on the evening of June 23, a grand success, Ancient York lodge, F. A. M., has been invited to dedicate the memorial window to the late pastor, Rev. Robert Court, D. D., which they presented to the church. The invitation has been accepted, and with the other exercises, will be very interesting.

## First Baptist Church

Children's day exercises were held at the First Baptist church yesterday and the attendance at the service was very

## FRAMERS OF THE INCOME TAX MEASURE: SENATOR WHO AIDS BIPARTISAN COMPACT

WASHINGTON, June 14.—The coalition of republicans and democrats will have a test of strength on June 18, when the Bailey-Cummins income tax measure will come before the senate. The advocates of the income tax agreed so readily on the nature of the proposed law that they feel sure that instead of losing they will gain strength by the time the final vote is taken. Senator Bailey of Texas promptly accepted the Cummins amendment making the income tax 2 percent of 2 per cent and thus won the pledge of support of all that wing of the republican majority in the senate which favors a tariff revision downward. Senator Borah of Idaho also was instrumental in bringing about the coalition of the income tax advocates, and a test of its strength was shown when seven republican senators voted for immediate consideration of the measure. They were Borah, Bourne, Bristow, Clapp, Cummins, La Follette and Piles. All of the democrats, including McNary and Foster, voted with the income tax leaders.

large. The following program was carried out:

Organ prelude; Salut D'Amour. Elgar; exology; invocation; hymn; responsive reading; singing, "We Give You a Welcome Today," adult school; recitation, "This Is Children's Day," Hazel Walker, Florence Barrett, Lena Young; song, "Hark to the Children's Voice," primary department; recitation, "Discontent," Elsie Aspin; children's exercise, kindergarten, Walter Harrold, Edith Anderson, Dorothy Fleming, George Walker, Alice Peron, Gladys Shaffer, Martha Matthews, Elizabeth Gardner, John Waters, Ethel Adams, Irene Bourdon, Lawrence Cummings; song, Alice French; recitation, "Flowers and Children," Doris Polk; song, primary department, "Just a Little Pansy," A Cluster of Daisies, Norma Reinsteerna, Marion Carter, Hazel Mellan, Ruth Smith, Marion Hodgman, Florence Lampiere, Emma Smith, Carmelita Varney, Edith Burham, Bessie Kazanga, Isabella Stockman; recitation, "A Wild Rose," Florence Proctor; recitation, "Nature Smiles," Edith Anderson; recitation, "Daisies," Doris Smith; song, "I Will Try—Will You?" Dorothy Fleming; recitation, "Grandpa's Children's Day," Esther Stokes; recitation, Matilda Gore; recitation, Dandelion, Violet Hanks; exercise, "Out in the Garden," Mildred Tinker, Elsie Logan, Edith McKinnon, Minnie Carpenter, Malabelle Keeker, Ruth Braham, Karen Olson; song, kindergarten, "Very Little Tots," exercise, "Mister Thim for Jesus," Leonard French, Oliver Cummings, Harold Sanderson, Raymond Gardner,

Harry Johnson, Alfred Lawson; song, "Sunbeams," Percy Bennett, Thomas Bennett; exercise, "Self," Thomas Stuart, Willie Walker, Percy Bennett, Willie Anderson; collection; song, "Blossom Bells," primary department; organ, postlude, "Panfare," by Dubois.

Distribution of plants to 175 children of the primary department.

## First Trinitarian

The exercises at the First Trinitarian church were very elaborate. All services held during the day were given special significance and the attendance was large. The church was prettily decorated. About the front of the altar were massed some 250 plants, mostly geraniums in bloom, and cut flowers and wild flowers. A dozen young people were received into membership in the church. Fourteen infants were baptized, the water used in the ceremony having been brought to Lowell by Rev. George F. Kennigott from the river Jordan.

Turkish Baths, 71 Middle St., now open day and night.

## MEMORIAL DAY

OBSERVED BY SAMUEL H. HINES LODGE K. OF P.

Samuel H. Hines lodge, Knights of Pythias observed its memorial Sunday yesterday in an appropriate manner. The members met at the castle, 134 Merrimack street, at 9:30 a. m., when the opening part of the Pythian service was carried out by the officers of the lodge, C. C. William H. Harvey presiding.

Barges were taken to the Lowell cemetery where 17 graves were decorated after which the members assembled around the Pythian lot in Washington avenue and the closing ceremonies were carried out by P. C. Alvan E. Joy as C. C. and W. H. Harvey as prolate.

Appropriate selections were sung by the grand lodge quartet, consisting of Stanley Scott and E. E. Mansur, tenors, and A. E. Joy and R. J. Fullerton, basses.

Graves were also decorated in the St. Patrick's School street and Hill-dreth cemetery, and at West Chelmsford.

An address was delivered by P. C. Alvan E. Joy in the lodge room as the closing part of the ceremonies. He was listened to with interest by those who were present. The observance of the day was in charge of P. C. Robert J. Fullerton, assisted by a committee of 15 members of the lodge.

## MORE LAND

TO BE BOUGHT BY THE LONG-MEADOW CLUB

The Longmeadow Golf club purposes to lay out three fine tennis courts on its land at the end of Andover street, in Tewksbury. It is the intention of the club to purchase an acre of land situated in the field just in the rear of the club house and running up back of the number three green and number four tee.

The committee in charge expects to pass the deeds very soon, the only ob-

stacle at present in the way being the releasing of certain rights of way over the ground to be purchased and which will become useless and unnecessary when the club has possession. C. F. Hood now owns the land.

The use to which the land will be put is for three clay tennis courts of the most approved style of modern construction and which will add to the enjoyment of the members of the club to a large extent.

Fred C. Church carried the insurance on the Martina Gage property, 538 Bridge street, damaged by fire Satur-

day afternoon.

PREPARED INSTANTLY. Simply add boiling water, cool and serve. 10c per package at all grocers. 7 flavors. Refuse all imitations.

GALLANT RESCUE OF TWO GIRLS IN A CANOE AT PAWTUCKET FALLS BY HOWARD MURPHY.

## Howard Murphy Stopped Canoes at the Falls

Two young ladies, whose names could not be learned, were saved from drowning in the Merrimack river near the Pawtucket falls yesterday afternoon shortly after five o'clock by Howard Murphy, a student at the Textile school, whose residence in this city is at 331 Merrimack street. The rescuer is deserving of much praise for the heroic manner in which he succeeded in preventing the women from being washed over the falls.

Murphy, who is a single sculler of some note, is in training for the national sculling regatta to be held in Detroit next month. He had been working on the river during the afternoon and shortly after five o'clock was making his way towards the float at the vesper boat house when he heard the complaint of a canoeist. "Those two girls need a man," he heard. "I will go and see if I can help them," he thought. He reached the float and saw two girls in a canoe. One girl was hysterical and the other girl realized her predicament. It was with some difficulty that Murphy could make the two reach for an oar. They pulled their nerves together and enough to do it, and were towed back to the boat club's landing.

Murphy seeing the predicament which the women were in, pushed his scull into the stream and made for the canoe. He reached them when they were about 20 feet from the falls. One girl was hysterical and the other girl realized her predicament. It was with some difficulty that Murphy could make the two reach for an oar. They pulled their nerves together and enough to do it, and were towed back to the boat club's landing.

## Keep Your Bowels Regular In Nature's Way.

Suppose your bowels fail to move for a week or ten days. Don't you know you would be pretty miserable? Of course you do. It is just the same, differing in degree, when your bowels don't move once every day. You know you soon become languid and tired and your blood gets bad and you feel out of sorts—sick all over—yet you don't have a fair, healthy average daily motion. Buy and use today

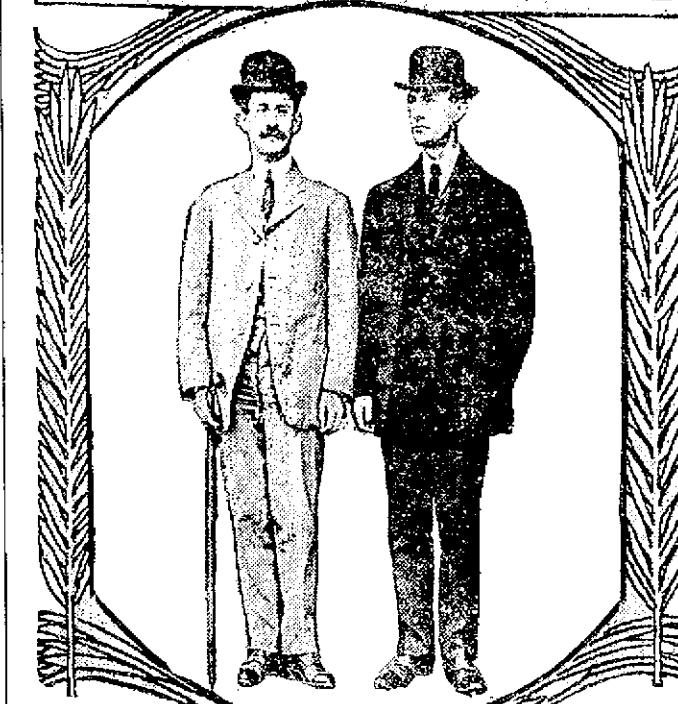

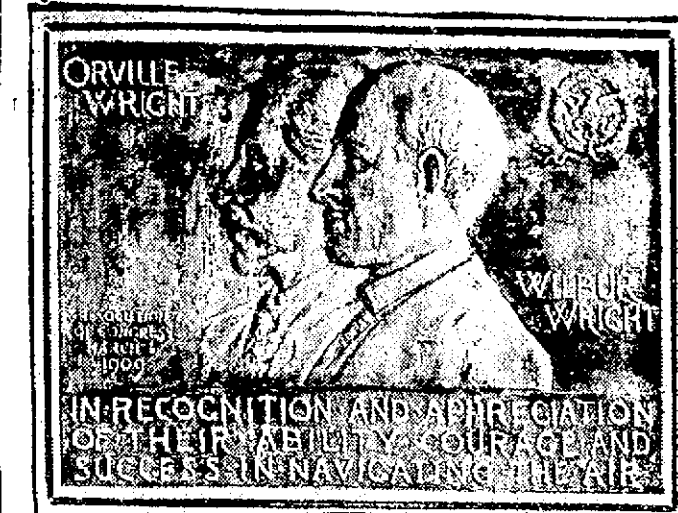

They will drive bowel poison out of your system and establish regularity. These little pills are purely vegetable and cure in one night. Remember that bowel pain is the direct cause of slow, wasting fevers, loss of memory, female and general debility. Bowel pain is also the cause of many diseases, such as indigestion, heart disease, and general debility. Buy and use today.

## RIVAL "ARMIES"

Met in Battle at Wilmington

At Wilmington on Saturday there was a clashing of the Browns and Blues. The Brown army overpowered the Blue forces. It was the annual sham battle of the First battalion, Sixth Mass. Infantry, M. M. Co., comprising Companies C and G, of this city and A and H of Wakefield and Stoneham, and the outing was, in the opinion of many, the best thing of its kind held in years.

Companies C and G assembled at the armory at 1 o'clock and at 1:30 they were ordered to march. They were led by Capt. Gardner W. Pearson, Lieut. Peterson and Lieut. Burns, and Capt. Walter R. Jones, Lieut. Doyle and Lieut. Mottram, respectively, on trained on special cars for Wilmington.

Upon arriving at Foster's corner, the companies detoured and were met by Co. A, Capt. McMahon and by Maj. Sweetser, who took charge of the forces. These companies were dressed in khaki, and with the exception of the equipment, carried a full equipment, including shelter tents.

Capt. Stewart, at the head of Co. H, the Blue forces, was lying a half mile toward Wilmington, on the right of the road, and constituted the attacking force. The plan of battle was that the Browns' line, and endeavor to break through them, and this army proceeded to scatter its thin lines through the woods, in extended order. Capt. Jones, with Co. G holding the right flank; Co. C the left, and Co. A the center.

It was 2 o'clock when the first sign of a Blue man was seen, and at this time the right flank made an advance through the woods, and began a sharp engagement with the enemy's left. The Blues were bunched together slightly to the left of Capt. Jones' men, and were reinforced by a rifle platoon, which the small force of Browns led through the forest. Nevertheless, Co. G went the first honors of the war, for the men suddenly surprised a whole platoon of Blues who had used up their ammunition, and captured the bunch. This was the main attacking body, and a few minutes later, when Capt. Pearson led the other platoon, captured into camp, it was seen that this engagement was over.

The assembly scattered and the army proceeded to go into camp in the open field.

After he had told who he was, the Pawtucket authorities were informed that the girls were in the house, and were taken back to his home, none the worse for their experience.

TRUE BILLS RETURNED AGAINST LOWELL MEN BY GRAND JURY

True bills were returned by the grand jury on the three Lowell cases brought before it at last week's session. They were, Peter Miron and James F. Walsh, breaking and entering and larceny; Alfred Nordeau, breaking and entering and larceny; and Andrew F. Burns, adultery.

field, each company putting up its shelter tents. The second battle of the afternoon then took place. When the smoke of battle had cleared away the companies took the ground for home, arriving here about 8 o'clock.

## STAR THEATRE

On a warm sultry afternoon the Star theatre is a mecca for men, women and children who seek shelter from the heat. The programme for this afternoon is a big show in itself. However, these features are in addition to a four piece orchestra, a singing orchestra of six voices, choice illustrated songs and the latest motion pictures. The show can't be matched anywhere in the world for five cents, which includes a seat.

## THEATRE VOYONS

Pathe's Film Dair series has become so well known in the past six months that the announcement of any new subject in that series attracts hundreds who do not care for the ordinary motion picture. Today the theatre offers the latest subject, "La Tosca," and it is second to none of this famous series. It is acted by a very capable company, including Mme. Cecile Sorel and Messrs. Le Barcy and Alexander of the Academie Francaise. There are other dramatic scenes on the bill in addition to a generous number of very laughable comedies and those different illustrated songs sung by the best singers.

# CORPUS CHRISTI

## Beautiful Services in Honor of Feast

Inspiring Out-door Exercises at St. Patrick's and Immaculate Conception—Holy Name Reception at St. Peter's—Pater-nal Feast at St. Anthony's—Newly Ordained Priests at the Sacred Heart

The feast of Corpus Christi was observed with beautiful services in St. Patrick's church and the surrounding grounds yesterday afternoon. A large gathering of people of all denominations participated in the services. In the forenoon high mass was sung at 11 o'clock by Rev. John J. McHugh and the sermon was preached by Rev. Timothy J. Callahan. The choir under the direction of Michael J. Johnson gave appropriate music and there was music by the sanctuary choir under the direction of Bro. Raphael. In the afternoon the services opened in the church at 2 o'clock and after benediction had been given the procession was formed and proceeded into the convent garden where benediction was given at a temporary altar. The procession then moved to the grove where again benediction was given. From the academy grounds the column proceeded into Fenwick street and the church yard where benediction was given at a temporary altar. At this altar the most imposing feature of the day was planned, consisting of the singing of "O Salutaris" by the combined choirs with music by the chimes and the Lowell Cadet band. A shower, however, made it necessary to omit the feature and the procession returned to the church after benediction. Rev. Timothy Callahan was the celebrant of the services, and he was assisted by Rev. John J. McHugh, as deacon, and Rev. Joseph Curtis as sub-deacon. The pastor, Rev. William O'Brien, participated in the procession. The church choir of 40 voices, and directed by Mr. Michael J. Johnson, sang the usual hymns of benediction at all three services. While the line was moving from one altar to another the sanctuary choir, and members of the Notre Dame academy alternated in the singing of sacred hymns. The church chimes played hymns on several occasions. The procession was led by Hubert Brown, as thurifer, followed by Cross bearer, Dennis O'Neil, and his acolytes were D. Powers and E. O'Neil. Following them was a line of children, the little girls attired in dresses of white and wearing a floral crown on their heads. Members of the Infant Jesus sodality came next, and they were followed by small numbers of children representing the sorrowful mysteries. Next came the glorious mysteries represented by children prettily attired in dresses of white with pink sashes and floral wreaths. Members of the Sacred Heart sodality followed, and they preceded members of the Children of Mary sodality. The Young Women's sodality of the Notre Dame academy. The sanctuary choir followed and then came a number of little girls who strewed flowers in the path of the clergymen who bore the Blessed Sacrament. The Lowell Cadet band, John J. Giblin, leader, preceded the flower girls. Rev. Timothy Callahan carried the Blessed Sacrament under a beautiful canopy which was borne by Dr. John H. Donovan, Dr. Francis A. O'Sullivan, Dr. Patrick J. Meenan and Thomas J. Fitzgerald. The master of ceremonies was John Queenan, thurifers at canopy, John Madden and James Clinton, and the lanterns were carried by J. Hoar, W. Gallagher, J. Dineen, W. McVey, E. Dean and M. Coyne. The grounds surrounding the church were beautifully decorated with bunting of the national colors, while the altars both in the convent grounds and in the church yard were adorned with flowers and greenery.

present at the mass and a beautiful musical program was rendered. Michael Johnson, the organist of the church, gave pleasing selections on the organ as the communicants were approaching the altar. The boys who received their first communion were as follows: Frederick McCall, Arthur McCarthy, James Mahoney, Benjamin Bennett, Thomas Barton, Edward Connolly, Albert Darcy, Eugene Fitzgerald, John Mitchell, Lawrence McGrath, Jno. ### Immaculate Conception Church

The festival of Corpus Christi was observed with unusual pomp and ceremony at the Immaculate Conception church yesterday, for besides the observance of the solemnity of the feast the fact that several hundred children were to receive first communion gave added interest to the occasion. Early in the morning the little boys and girls who for several months past have been preparing for what is regarded as the happiest day in their lives—their first communion day—assembled in the Immaculate Conception school hall where they had received instructions from Rev. Fr. Sullivan, O. M. I., Rev. Fr. Sullivan, O. M. I., the Sisters of the Immaculate Conception school and corps of Sunday school teachers, all of whom have given the little ones the best of attention. At 1:30 the boys and girls in line and headed by Rev. Fr. Sullivan, a cross bearer, and two acolytes, and accompanied by the brass band, they marched to the church and occupied seats reserved for them in the main aisle. The mass was celebrated by Rev. Fr. Sullivan and after the first gospel he delivered a brief sermon that moved many of the older folks present, especially parents of the children. It was a plain talk to the little ones and to their parents, filled with words of joy and at the same time of warning. He spoke of how mothers brought their children to Jesus and asked Him to bless them, and the apostles thinking that Christ wished rest after the hard labors of the day, turned to their mothers and children reaching Him when they uttered the words "Suffer little children to come unto me." Fr. Sullivan treated his subject in grand style and his words had a most impressive effect on the great congregation. That he has taken such an interest in the children of the parish even added to the effect of the young clergyman's words and the blessing that he wished the little ones in concluding his sermon was a beautiful petition to God to shower His graces on the boys and girls who were about to receive Christ into their hearts. Three hundred or more boys and girls received communion and the scene was indeed a pretty one. The boys wore dark clothes with a white flower, symbolic of innocence, on each coat and white ribbon streamer on the left arm. The girls were handsomely gowned, pretty white dresses trimmed with blue lace were covered with a veil of pure white and on each little head was worn a crown of white flowers; and in each little pair of hands were carried the rosary beads, and the prayer book with white covers. The altar was handsomely decorated and immense bouquets of cut flowers, the gifts of the first communicants, surrounded the tabernacle. Communion was given to the children by Rev. Fr. Sullivan, O. M. I., assisted by Rev. Fr. Flynn, O. M. I.

### Sacred Heart Church

The feast of Corpus Christi was observed at the Sacred Heart church yesterday. At 10:30 o'clock solemn high mass was sung. Rev. James McDermott, O. M. I., who was recently ordained to the priesthood, acted as celebrant, this being his first solemn high mass. He was assisted by Rev. Edward Fox, O. M. I., as deacon and Rev. Bernard Fletcher, O. M. I., as sub-deacon. Rev. Fr. McNeill, cousin of the celebrant, acted as assistant priest. Mr. James Mahan was master of ceremonies. The interior of the sanctuary was beautifully decorated. The mass started with processional exercises with the sanctuary and loft choirs alternating in singing appropriate hymns. During the service both choirs discoursed special music. Mrs. Muldoon presided at the organ. At the conclusion of the mass solemn benediction of the Blessed Sacrament was given. The officers who officiated at mass also officiated in the benediction. As the Blessed Sacrament was exposed during mass the sermon was omitted. Rev. T. Wade Smith, O. M. I., read the announcements for the week. He announced that on tomorrow evening the senior branch of the Holy Name society will hold its regular monthly meeting in the school hall. He requested all members to be present, as Rev. Jas. P. E. O'Connell, secretary, Archbishop O'Connell and a former altar boy at the church, will address the society. In the evening at 6:30 o'clock solemn vespers and benediction were given and exquisite ceremonies were held. A procession in honor of the Blessed Sacrament was held. In the procession were the children who recently received first communion and the members of the Children of Mary sodality. Both choirs were present and rendered appropriate musical numbers during the service. The forty hours' devotion service will open in the church on Friday, and will be brought to a close Sunday. On Friday masses will be sung at 5 and 8 o'clock. The last mass will be a solemn high mass, from which time the Blessed Sacrament will remain exposed until Sunday at 10:30 o'clock. The 150 mass on Sunday will be solemn high and will be sung by Rev. Edward Fox, O. M. I., who will be elevated to the priesthood with Fr. McDermott. Fr. Fox is also a former altar boy of this church and a resident of the parish.

At the 8 o'clock mass next Sunday the Angels' sodality will receive communion and the children who received first communion recently will assist at this mass, after which they will be enrolled into the sodality. On next Sunday afternoon the children of the school will hold exercises in the school hall, at which the works of the different saints during the year will be an exhibition for the parents of the children to inspect. A program of musical numbers will also be given. The production of "Queen Esther" under the auspices of the young ladies of the parish will be presented at the Hathway theater on June 23 and 24. The talent which is to participate in a dress rehearsal at the theater yesterday afternoon, and the indications are that it will be one of the grandest successes of the season.

### At St. Peter's

Corpus Christi was observed at St. Peter's church with impressive services at 10:30 o'clock. A large congregation attended. Solemn high mass was celebrated by Rev. W. George Mullin with Rev. Daniel J. Heffernan as deacon, Rev. John T. O'Brien as sub-deacon, and Thomas F. Markham master of ceremonies. The sermon was preached by Rev. Fr. Heffernan on the

## Rev. Fr. Sullivan, O. M. I., Gives Pledge to 200 Boys

Nearly two hundred boys who received their first communion at the Immaculate Conception church yesterday morning met in the basement of the church yesterday afternoon and were addressed by Rev. Dennis Sullivan, O. M. I., who is chairman of the M. I. C. Cadets. Fr. Sullivan had spoken to both the boys and girls who received their first communion yesterday, and just when they were about to depart he told them that he had just a few words more to say to the boys. He told them of the danger of cigarette smoking, pointing out to the little fellows any dangers it is to their health, and then he asked all of those who wanted to make a pledge to refrain from smoking, to raise their hands. He said that if any did not make the promise and keep it, he would be sorry for them. He said that he would be glad to see them again when they were old enough to take the pledge. # Battle With Kaufman Will Make Johnson Show His True Form

By TOMMY CLARK.

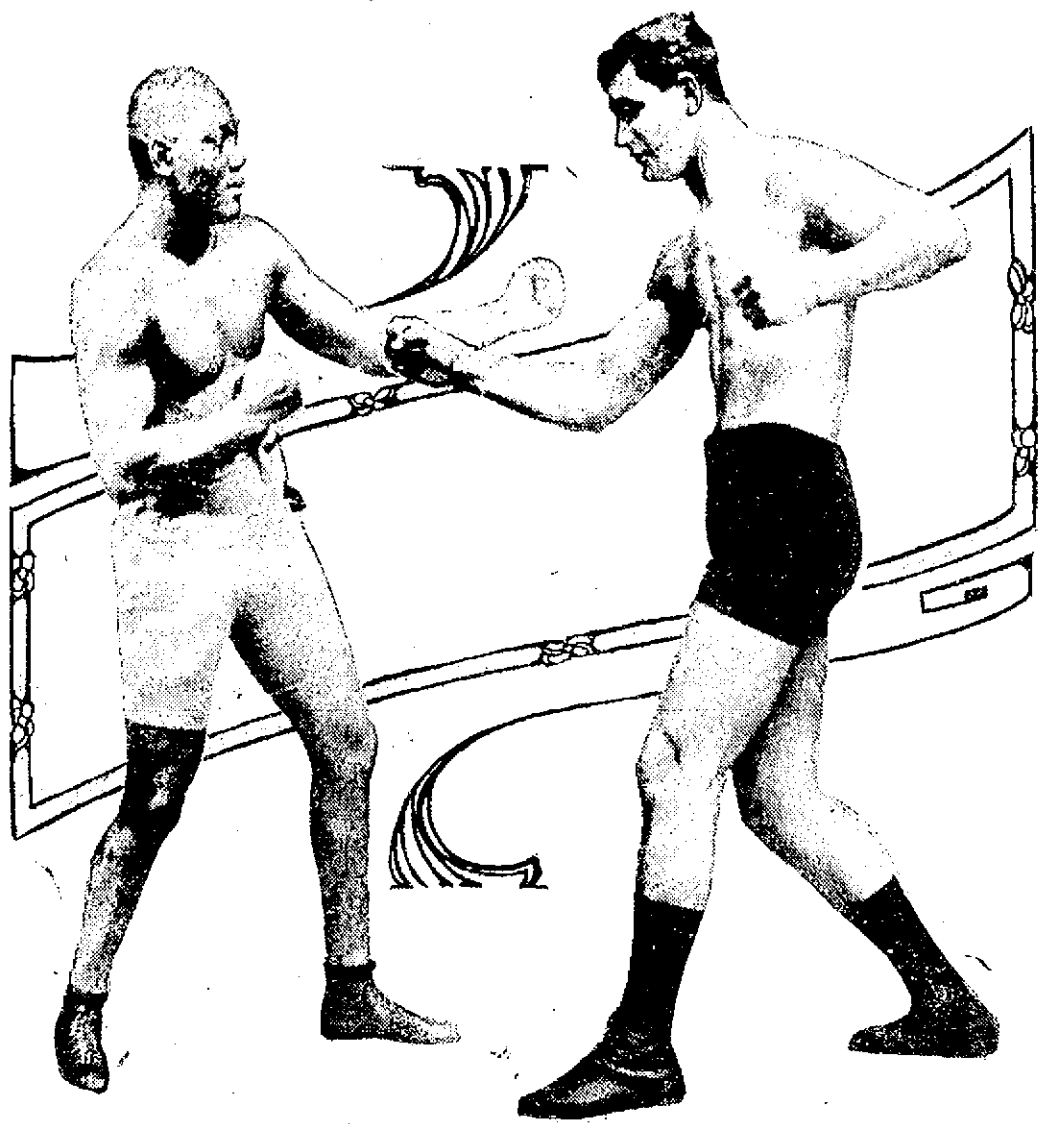

It now looks as if the next battle for the world's heavyweight title will be between Al Kaufman, the California Hercules, and the colored champion, Jack Johnson. They have signified their willingness to exchange wallops, hooks, jabs and swings in a forty-five round bout in San Francisco July 5.

Johnson's apparent willingness to fight Kaufman a long battle shows that he has little respect for Billy Delaney's big heavyweight. It is really a surprise that the colored man consented to a bout over twenty rounds. He has always seemed to like the twenty round affairs, figuring, perhaps, that he could fall back on his cleverness and win on points in case he was hard pressed.

If the bout comes off with both men in superb condition it should result in one of the greatest battles ever held in this country. While Kaufman has not set the pugilistic world afire with his performance in the ring, he has shown improvement in every battle in which he has engaged in the last year or two. True, it took him thirty-five rounds to dispose of Jim Barry of Chicago, a second rater, in California recently, and later he failed to stop Tony Ross in ten rounds in New York, but his manager, Billy Delaney, says that it was at his request that Al permitted these fellows to stay so long. The clever manager also states that the experience his protegee gained in these two battles will greatly aid him in his long contest with Johnson.

There is no doubt that Johnson will have the time of his life trying to defeat Kaufman—in fact, I do not think the colored man can perform the feat. The California Hercules has a sleep producing wallop in either hand and is every bit as clever as the colored man. As an amateur Al rejoiced under the sobriquet of "One Round Kaufman," having knocked out many of his opponents in the first round.

In his initial professional fight some years ago Kaufman was knocked out in nineteen rounds by "Philadelphia Jack" O'Brien. But since then he has improved wonderfully under the careful handling of Delaney. The latter says that Kaufman has shown as much, if not more, promise than Jeffries did at the same period of the latter's career. Kaufman was severely scored because he failed to put his recent opponents away in his time, but if you remember when Delaney first took hold of Jeffries he failed to put away Bob Armstrong, a second rater,

COLORED HEAVYWEIGHT CHAMPION JACK JOHNSON AND AL KAUFMAN AS THEY WILL APPEAR IN RING.

In ten rounds. In his battle against the laughingstock of the sporting world, Armstrong, Jeffries did nothing like world. He went back to California in championship work—in fact, he was a hurry and was disgusted with him.

Another thing must be considered in the coming bout. It will be the first time Johnson has ever met a man of his own weight and height and who has a reach just as long and is as clever and can hit every bit as hard. Since his entry into the prize ring Johnson has never fought a man anywhere near his size, with the possible exception of Marvin Hart, to whom he lost a decision, although the colored man has claimed many times he was robbed of that victory.

Before Tommy Burns fought Jack O'Brien he and Kaufman boxed several times in the training quarters, and, according to information furnished the writer, Kaufman put Burns out in two rounds during a little set-to that occurred one afternoon. After Burns defeated O'Brien Kaufman repeatedly challenged the winner, but the latter evaded him. Kaufman is about as tough and enduring a customer as one could wish to see in the ring, and he can deliver more punishment in a minute than Johnson can in a whole round.

There is no doubt that Johnson is clever and can hit, because he's built for hard hitting, but up to date he has never shown ability in that line, and all because he bends back like the leaning tower of Pisa. The colored man is so willing to take good care of his face and stomach that he doesn't hurt himself in with his punches like Ketchel, Fitzsimmons and all other great hitters. He may change his style in his fight with Kaufman. If he does he'll be a real fighter.

Too much stock should not be taken in Johnson's recent fight with O'Brien. The colored man was in very poor shape for the contest. When properly trained Johnson can dispose of the Quaker in a few rounds. Another cause for his poor showing was that he was threatened with personal injury if he disposed of O'Brien by the knockout route. Several times during the contest, when the colored man became the aggressor or acted on the defensive, he was hoisted, feared, and threatening remarks were heard from several sides. This unsportsmanlike method of several rowdies caused Johnson to fear for his life.

Stanley Ketchel's chances in a battle with Johnson are very slim. If you size up Ketchel's fight, O'Brien and the latter's recent contest with the colored man, what show would the Montana cowboy have against a man like Johnson, who is his superior in physical strength? It would be a shorter edition of the Burns fight, that's all. Ketchel, with his wild swings, would

be easy for Johnson, with his straight punches. The colored man would prop him off and butcher him at leisure. Johnson's advantages over the game Montana cowboy are too many to overcome. He has height, reach, cleverness and over forty pounds in weight.

## Bresnahan Makes Good.

When the New York baseball club gave Roger Bresnahan an opportunity to better himself by allowing him the leadership of the St. Louis Nationals it gave away a small sized fortune. Without the great catcher the Giants are weak. Schlett, the backstop received in return for him, has failed to fill his boots. The latter is not the same aggressive player that Bresnahan is—in fact, he is not near as good a ball player in any sense of the word.

Incidentally the former New Yorker is not only playing a brilliant game for St. Louis, but he has shown great ability as a manager and has done much to revive interest in the National league circles in the Mound City. What is more, Bresnahan is making changes in his team which are proving wise, and, while there is hardly a chance for him to finish in the first division, the Cardinals this year are not the easy proposition they were in former seasons.

Baseball has perhaps never had a man who could pick up as many good ball players from the most remote sources as does Connie Mack, the clever manager of the Philadelphia Athletics. Much sympathy was bestowed upon Mack last winter. No better than seventh place was picked for him, and there seemed to be little doubt about that after the present season was a few weeks old, but after the wonderfully good showing of his team on the recent western trip it became apparent that Mack has another good ball club.

Last season Mack tore his old team to pieces and re-placed the older members with young blood. While the Athletics do not appear very strong individually, Mack with his great managerial ability may be able to whip together a pennant winning combination. Mack does not pay fancy salaries to the members of his team. He manages to hold his salary list under \$40,000 for the season and won his first pennant with a team that cost him but \$32,000 in salaries.

Ball players who demand big figures to play for any other club go to Mack for nearly half the price, and they deliver the goods too. Remarkable man is this, Cornelius Macgilluddy, or, as he is called for short, Connie Mack, as he is called for short, for no one seems to know how he does it.

L. H. WAIDNER, CHICAGO TENNIS STAR, AT FINISH OF FOREHAND VOLLEY.

Waidner, one of the ablest lawn tennis players the middle west ever produced, is looked on as a possible national champion now that he has regained his health.

The air, and I forgot every line of my part. Fortunately I had little to do in the first act, and by the time it came to go on in the following act I had recovered my nerve and played the rest of the performance without a hitch. Somehow or other I received good notices, and it was an easy matter for me to collect the \$100 from Colonel Sinn.

HELEN WARE AS A STAR. Plans are on foot in the air which promise a new star next season in the person of Miss Helen Ware.

Many, enjoying that honor at present do not deserve it as richly as Miss Ware. She is an interesting example of pluck that succeeded. Some years ago she made up her mind that she would become an actress. She wanted instruction at a dramatic school, and to raise the \$50 necessary to pay for the first, course, she taught swimming, taught in a vacation school at Five Points, and went on as a super with Maude Adams in "The Little Minister" at 50 cents a night. With her \$50 saved she took her course and on the strength of this preparation secured an engagement in the "Lord and Lady Algy" company. Later she was understudy to Blanche Bates in "Under Two Flags," and one evening the chance came to her to appear as Cigarette. So great was her success that a road engagement followed, and since then she has been climbing steadily upward. At present she is playing "The Third Degree," the new Klein play.

## THE DINNER HOUR AND THE PLAY.

A writer in a Berlin paper, though, denies that the dinner hour has much to do with the financial success or failure of a play. There are three publics which attend the theater in Germany—the private box public, which goes, as the whole theater public in France goes, for the social purpose of seeing one another, or conversation or of the occasional emotion of laughter or tears at a few points in the play; the balcony public, drawn from the middle classes, and the parquet public, which contains a mixture of private box and balcony visitors, with a sprinkling of other nationalities.

Now, in Germany, and especially in Berlin, the private box people are in a small minority, and as regards numbers the parquet public is variable and uncertain. In Germany it is the balcony public which decides the financial success or failure of a piece. For this public the play's the thing because the hour of dinner is an entirely secondary consideration.

With it going to the theater is a semi-sacred and not very frequent function, which must be taken seriously and forms the subject of discussion for many days after. This public demands low prices and good plays, and, given these, it will crowd the theaters.

## LONDON'S "HOODOO" THEATER.

The Alhambra theater, London, has been the scene of a bare list of theatrical fiascos, and manager after manager has tried to fill the "hoodoo" only to find the experiment easily and futile. It was there that E. H. Sothern and Julia Marlowe found artistic success, but financial failure. It was there that "Way Down East" and "Pill in the Wall" met their Waterloo, at the hands of the London public. It is a particularly appointed playhouse, dated out after the American plan and well situated, but the British public hates it of it with a persistence worthy of a better cause. Seymour Hicks is going to make one further attempt to change the luck and in June will make a big revival of "Sporting Life." For the big boxing scene he has engaged Jack Johnson at a salary equal to that of two male stars and a living wage.

## The Plans of Maude Adams Lawsuit Over "Bill Truetell" Breese to Star In "The Earth"

[From Our New York Dramatic Correspondent.]

MISS MAUDE ADAMS, believing that in her Barrie play of this last season, "What Every Woman Knows," she has a second "Peter Pan," has decided to use the drama as her vehicle for next season.

While "What Every Woman Knows" will never equal the popularity of "Peter Pan," Miss Adams has found it a play with an appeal of the sort that makes people talk about it, and it is a play that people talk about that usually superinduces infatuation of the box office.

### Her Appearance as Joan.

Miss Adams' forthcoming appearance in "Joan of Arc" at Harvard university has attracted considerable attention.

Over a hundred choir boys will participate in the coronation scene of "Joan of Arc" as it will be acted by Miss Adams in Harvard's stadium on the night of June 22. The interesting fact has been brought out in costumeing the play: that ecclesiastical processions and garments today observe practically the same order as they did in the early fifteenth century.

### Performance Directed From London.

One of the principal items attached to the enormous expense incurred by Miss Adams' performance of Joan will be the bill of expenses for cables between Charles Frohman's London and New York offices. Mr. Frohman has directed the entire enterprise from the Hicks theater, London, even covering such seemingly slight but really important details as the thorough rehearsing of the horse Miss Adams will ride as Joan by a rider covered with the noisiest kind of steel armor. When the time for the performance comes around it is expected that the great white Arabian steed that Miss Adams will ride will be experienced to any kind of conceivable noise.

### Suit Over "Bill Truetell"

A. C. McClurg & Co., the Chicago publishers, are the defendants in a novel action for libel just commenced in the New York supreme court in which damages are claimed to the extent of \$10,000. The plaintiff is William Lytell, a veteran theatrical manager, who contends that he is the original of "Bill Truetell," by George H. Brennan, recently published by A. C. McClurg & Co. Lytell asserts that in the book he is seriously libeled, lampooned and held up to general contempt. He states that his feelings have been violently outraged by the humorists of the story, that he has become an object of ridicule among his associates and that his standing as a manager has been damaged to such an extent that \$10,000 will not be an adequate recompense.

Lytell says that he has been unjustly accused of being the real hero of the narrative on account of the similarity between the names "Bill Truetell" and "Bill Lytell," as he is generally known. The author, he asserts, has simply made a suggestive variation of the first syllable. In the book are several illustrations of the chief character by James Montgomery Flagg. These pictures, the plaintiff holds, are exact counterparts of his likeness. Until recently Lytell has been employed as stage manager of

prominent dramatic representations. Now he is engaged in putting on "acts" at Coney Island in which trained animals figure. This humiliating fall in his profession he also ascribes to the blight on his reputation caused by "Bill Truetell." Owners of productions, he states, will no longer regard him seriously, and the future is bleak indeed.

The novelty of this suit has attracted a great deal of attention, and the Riado is ringing with the story.

Breese to Star In "The Earth." Notwithstanding several prominent American managers were endeavoring to acquire the American rights to

diately began negotiations for the rights with the aim of showing his appreciation of Mr. Breese's work by using it as the vehicle for Breese's stellar advancement.

Inasmuch as James Bernard Fagan is today in the very height of his popularity as a playwright, having written such London successes as "The Rebel," "The Prayer of the Sword," "Under Which King," "Hawthorn, U. S. A.," "Gloria" and a review entitled "Shakespeare Versus Shaw," the production in this country of a play by this author should excite considerable interest.

"The Earth" will have its New York premier early in November.

"Secret Service," and will then retire permanently from the stage. Next season Mr. Gillette will not play at all on account of poor health. His part in "Samson" will be taken by James K. Hackett, but under the management of Charles Frohman.

## WHEN ROBERT EDISON ESSAYED FIRST ROLE.

Robert Edison is one of the actors who had to get his place on the stage in spite of parental opposition. He began at the bottom and took turns at different small jobs about the theater until one night he got a chance to go on.

"I was attending the Brooklyn Polytechnic and after school hours was making a little extra money working in the box office of the old Park theater, Brooklyn, then under the management of Colonel Sinn," said he. "Late on Monday afternoon word was

brought to Colonel Sinn that an actor who was to appear that night in the premier of "Fascination," in which Cora Tanner was the star, was sick and would be unable to appear. Mr. Sinn, being unable to get any one to go on, was in quite a dilemma, and I volunteered. He said, 'Bob, if you go on and make good I will give you \$100.'"

"The part was not a long one, and in two hours I had memorized it, and one of the members of the company gave me a hearty rehearsal. I always had had a yearning for the stage, due, no doubt, in a great measure to the fact that my father was in the profession, but whenever I mentioned 'acting' he immediately vetoed the proposition. In my great act of being able to get the long cherished chance I imparted the information that I was going to make my debut this night to a number of schoolboy friends, who immediately went out and told the gang.

"That night when the curtain went up a large part of the gallery was filled by the boys from the 'Poly.' When I made my entrance I was greeted by the class yell, which threw me up in

MAUDE ADAMS, AND AS SHE APPEARS IN "WHAT EVERY WOMAN KNOWS," IN WHICH SHE WILL AGAIN STAR NEXT YEAR

James Bernard Fagan's London success, "The Earth," now being presented at the Kingsway theater in that city. Henry B. Harris by cable has consummated arrangements through Frank Mills whereby he secured the rights. It is the intention of Mr. Harris to make use of this play as a vehicle with which to elevate Edmund Breese, now appearing in "The Third Degree" at the Hudson theater, to stardom. Mr. Breese by reason of his successes as John Burckett Eder in the original production of "The Lion and the Mouse" and lately by his work as Richard Brewster in "The Third Degree" has earned a promise from Mr. Harris to star him as soon as a suitable play could be procured. While in London Mr. Harris witnessed a performance of "The Earth" and immediately

### When Gillette Will Retire.

## MAUDE ADAMS

MADE A FLYING TRIP TO THE STADIUM

BOSTON, June 14.—Miss Maude Adams, who will appear at the Harvard Stadium on June 22 in Schiller's tragedy as Joan of Arc, paid a short visit to Boston and Cambridge yesterday. She arrived at 10 o'clock and after making a tour of inspection to the Stadium left at 3 o'clock for New York.

Miss Adams was accompanied by one of her managers and upon arrival here went to the Hotel Touraine for a brief rest and lunch. She then went to Cambridge in a large touring car, where she formally inspected the big amphitheatre where will be presented the great military pageant.

After returning to the hotel, where she lunched again before leaving, Miss Adams expressed considerable enthusiasm over the prospect of playing in so large and fine a place and said she looked forward to the last rehearsals and the rendition of the drama with great anticipation.

Miss Adams will finish her New York rehearsals today and Tuesday and will come here Wednesday. She will be quarters at the Touraine during her stay in Boston.

Unusual care will be taken by the express companies in handling Miss Adams' baggage. The white Arabian charger she is to ride in the Stadium will be shipped in a special padded horse car attached to one of the best express trains running between Boston and New York.

## ACADEMY OF MUSIC CLOSED

The regular season at the Academy closed last evening and for the summer months the theatre will be open only two days weekly, Friday and Saturday, when the management will introduce a summer weekly concert in a grand amateur night every Friday night with adult amateurs and semi-professionals from Boston and elsewhere in connection with a big moving picture program. The prices will remain the same. See ads on Thursday.

## LAWRENCE CRANE

## Famous Magician Visiting Sisters Here

Prof. Lawrence Crane, valet "The Irish Wizard," "The Irish Magician" and one of Lowell's favorite sons, returned to Lowell yesterday accompanied by his father-in-law Mr. James T. Doyle of Brooklyn, N. Y., coming over from New York in an auto and arriving in time to witness the Corpus Christi procession at St. Patrick's church in which his sisters took part. "Larry" had intended to come by train today, but decided to come a day earlier in order to witness the procession. He is just starting on his summer vacation and having opened a beautiful cottage at Atlantic City he at once took a trip to Lowell to see his mother and sisters, to whom he has ever been a dutiful and loving son and brother. In the fall Larry and his wife go to England where they are booked for a long engagement on the leading circuits. In the British Isles and before leaving he is going to take his mother and sisters to Atlantic City for an extended vacation. Larry has a number of new and mystifying stunts to spring upon the Britishers when he gets over there and undoubtedly he'll have a choice collection of soft talk to hand out to them, for Larry was ever there with the blarney. Messrs. Crane and Doyle will remain in Lowell a week or more while Larry will renew old acquaintances.

## SET BY TRAMPS

## Fire Caused a Loss of \$10,000

HOULTON, Me., June 14.—After many days of anxious expectancy, copious rains fell during the night and early today on the fire scorched district of northern Aroostook county, giving a surcease from the devastations of the forest fires which for days have raged uncontrollable, laying waste valuable timber land and little lumber mill settlements and furnishing an ever present source of danger to many other towns and villages.

It was not known early today just how effectual the rainfall was in quenching the fires, but the wailing down of the forests was at least expected to put a damper on the further progress of the flames and prove of estimable value to the thousands of men who have been toiling incessantly building back fires and trenches and using every available means to narrow the swath of the burning woodland.

The fires up as far as Bridgewater, 20 miles above here, have died out temporarily, but will spring up again with the first strong wind until there is a heavy and continued rain for two or three days. There were a few small fires near Mars hill, but they too were dying out. A fire set by tramps burned four small potato houses and a pay shed at Monticello today, causing a loss estimated at \$10,000. They were owned by L. E. Good, H. L. Good, B. S. Foster and another man.

## VESSEL ASHORE

## Went Aground on Cuttyhunk Island

NEW BEDFORD, June 14.—The schooner S. M. Bird went ashore some time during the night on the Northwest point of Cuttyhunk island near the western entrance to Buzzards bay. There was a thick fog at the time. The news of the schooner's plight was received here today in a message from Cuttyhunk but no details of the accident were given.

The S. M. Bird commanded by Capt. Norwood, left Philadelphia for Calais, Me., on April 12 and on April 21 ran aground off New London, Ct. Since that time the vessel has been undergoing repairs. She is a three-master schooner 132 feet long, 32 1/2 feet beam and registers 450 tons net. She was built at Belfast, Me., in 1874, carries a crew of seven and hauls from New York City.

## TENNIS CRACKS

## WILL VISIT COUNTRY CLUB THURSDAY

## THE FLAG OF THE FREE

"When freedom from her mountain height  
Unfurled her standard to the air,  
She tore the azure robe of night,  
And set the stars of glory there.  
She mingled with its gorgeous dyes  
The milky baldrick of the skies  
And striped its pure, celestial white,  
With streakings of the morning light.  
Flag of the free heart's hope and home!  
By angel hands to valor given;  
Thy stars have lit the welkin dome,  
And all thy hues were born in heaven.  
Forever float that standard sheet!  
Where breathes the foe but falls before us,  
With freedom's soil beneath our feet,  
And freedom's banner streaming o'er us."

## FILIPINOS MUTINIED

## Constabulary Attacked Company Quarters at Davao

MANILA, June 14.—A portion of the second company of native constabulary stationed at Davao, in the island of Mindanao, mutinied on the night of June 6, and attacked the company quarters which they captured after wounding one of the native officers. The following day, in which one man named Libbey was killed and four others were wounded, the mutineers took to the mountains on the approach of a company of the constabulary stationed at Marikina, which hurried to the relief of the besieged Americans and loyal natives.

Without any warning, the mutineers suddenly attacked the quarters at night and gained possession of them before any resistance could be offered by a few native non-commissioned officers and several loyal members of the company.

Gov. Walker of the Davao province, of which the city of Davao is the capital, immediately called the Americans and such natives as could be trusted, in a large number, and preparations for defence were hurriedly made during the night.

Windows and doors were barred, loopholes were cut, food and water were taken into the building and everything was made ready to withstand a siege.

Important American community in the Philippines. It was planned only recently to send a regiment of American regulars there to protect the district and friendly natives against Moro bandits.

## FUNERALS

GOLDEN—The funeral of the late Miss Minnie Golden took place yesterday afternoon from her home, 13 Weller street, and was very largely attended. There was a profusion of beautiful floral tributes, including a large pillow inscribed "Minnie" from the family; large pillow inscribed "Shopmate" from the employees of the twisting room; Bigelow Carpet Co.; cross on base inscribed "Parewell, Minnie" from Miss Elizabeth Finnelly; sprays, Mr. and Mrs. Johnson, Miss Edith McDermott, Miss Della Fitzwilliams, large heart of pinks, Mr. James McCormack; sprays, Mr. and Mrs. Fitzgerald, Mr. and Mrs. William Curran, Mrs. Mary E. Giles, Miss Lena Welch.

With the receipt of the news of the mutiny yesterday also came word that the mutineers had reached Davao and had quickly succeeded in restoring order.

Several columns of troops were immediately dispatched in pursuit of the mutineers. It is believed here that the mutiny was purely local, resulting from ill-feelings over food supplies and the pay of the constabulary.

It is thought to be confined to members of the one company at Davao, and the fact that neighboring camps, composed of natives hurried to the relief of the besieged troops and Americans at the place, is cited as proof of this.

Regular officials express complete faith in the constabulary.

Active Governor General Wood is expected at Manila today when a conference with Maj. Gen. William B. L. Power, commanding the division of the Philippines, will be held.

It is expected that the determination will be reached at the conference vigorously to pursue the mutineers until the last one is captured. The mutineers are all Visayans.

## THE GOULD CASE

### More Interesting Testimony Was Offered by Mrs. Gould

NEW YORK, June 14.—So large a crowd gathered at the county court house today to attend the trial of the suit for separation of Katherine Clemons Gould against Howard Gould that special police measures were necessary to preserve order. The great majority were disappointed as Justice Dawling limited admission to the seating capacity of the court room. The examination of Mrs. Gould, probably the most interesting part of the trial, began at 10 o'clock and following her it is expected that George Gould will be called to testify as to the extent of the fortune of Howard Gould. Evidence along this line is regarded as essential to determine what amount of alimony, if any, should be granted to Mrs. Gould.

Preliminary to the opening of the trial today counsel for Mrs. Gould applied to Supreme Court Justice Giege for additional counsel fee of \$20,000 and \$2000 to cover the expenses of the case to date. Argument on the application was set for 4 p. m. tomorrow.

Mrs. Gould showed few evidences of nervous tension under the rapid fire of cross examination which Delaney Nicoll, counsel for Mr. Gould, began to direct at her when she resumed the examination of her husband today. Questioned in regard to her acquaintance and meetings with Dustin Farnum, the actor, the witness testified that she did not remember meeting Farnum between August, 1906, when he dined with her at Castle Gould, and a meeting in Hartford, Conn., when they dined together at a hotel in that city.

Mr. Nicoll read from the deposition of Elijah Sells, Mr. Gould's cousin, in which he stated the conditions upon which Howard Gould offered a reconciliation with his wife. The conditions stated that Mrs. Gould was not to interfere in the management of "Castle Gould," she was to abstain from intoxicants; to refrain from humiliating Mr. Gould before his friends and she was to agree to a regulation of her personal finances. Mrs. Gould would not admit the specificity of the agreement when on that stand but said that she had asked her to sign a paper to abstain from intoxicants.

Clarence J. Shearn, Mrs. Gould's counsel, questioned her at length on redirect examination. She said the letters she had written to Mr. Malloy, manager of Castle Gould, which were read in evidence and were addressed to him as "My Dear Mr. Malloy" were addressed simply in terms of politeness and not in terms of endearment.

Mr. Shearn referred to the large bills which Mrs. Gould had incurred to her husband's account just prior to and following their separation in July, 1906, and which were still unpaid at various jewelry stores and millinery shops here and in Paris. He drew from the witness the statement that if Mr. Gould had given her the allowance she promised she could have paid them all. Mrs. Gould said that as far back as 1899 her husband promised to allow her \$10,000 a month. The witness said she had to have at Castle Gould morning, afternoon and evening gowns with shoes and stockings to match, tea gowns, coaching gowns, shopping gowns which she used about the city and with most of these hats, shoes, stockings and parasols to match. Yachting costumes were distinctive from the others and have to have their expensive accessories, the witness said. She was accustomed to change her gowns sometimes five and six times a day. She had to dress at least three times a day at Palm Beach and more than that during her various trips about Europe.

In answer to questions regarding the costs of her various dresses, etc., Mrs. Gould gave the following price list:

Dinner gowns, \$500 to \$600.  
Morning gowns, \$100 to \$150.  
Day gowns (even shopping, etc.), \$500.  
Tea gowns, \$200 to \$300.  
Recreation gowns, \$500.

# TARIFF DEBATE

WASHINGTON, June 14.—The Philippine islands were the subject of consideration as soon as the tariff bill was taken up today. The finance commission's provision regulating the payment of duties on commodities coming into the United States from the islands was taken up after the senate had held an executive session and was the cause of animated discussion.

This provision permits the free importation of Philippine goods and on motion of Senator Lodge it was made applicable to Guam and Tutilla on the same terms.

The language of the provision relating to the free admission of free products of the Philippines was changed to make clear that all manufactured articles imported into the United States from the Philippines should be composed partly or wholly of products of the islands or of the United States. The change was made upon suggestion of Senators Bulkeley and Brandegee, and was intended to permit Connecticut cigar wrappers to be taken to the islands and then returned into the United States as a part of a cigar free of duty.

The provision requiring raw or refined sugar to pay the same duty when imported into the Philippines as when imported into the United States aroused Senator Brewster, who thought he saw in it an advantage to the American Sugar Refining Co. Senator Aldrich said he had not heard such an objection before and added that unless some such regulation was made sugar might be shipped into these islands and then come into the United States free of duty.

Declaring that the Philippine sugar was so poor in quality that there was no market for it in the United States, Senator Bulkeley said the legislation allowing 300,000 tons annually to come into the United States was a humbug. The sugar industry in the Philippines, he said, had gone down until now only 100,000 tons are raised annually.

"The cause of this condition," he said, "is the laziness and stupidity of the people."

Resuming his remarks, Sen. Brewster said: When you enact this law admitting 300,000 tons of Philippine sugar into this country free of duty you do not benefit a single American except he be interested in the American Sugar Refining Co. Primarily the sole purpose of this bill is to benefit the Philippine islands. Every year they import from Germany and China several millions of pounds of sugar, and now the incorporation of that provision for a duty on sugar imported into the Philippines will force the people of these sections to purchase their refined sugar from the American Sugar Refining Co. In return for that they can sell their raw sugar to the sugar trust free of duty. Ask senators whether this is in fact legislation in interest of the people of the Philippines?"

# THREE ARRESTED

### On Suspicion of Being Horse Thieves

PROVIDENCE, R. I., June 14.—Three men who the police claim, are a band of horse thieves who have been working all over the state were arrested this afternoon and locked up at the central station to await the decision of the sixth district court. The men are Herbert Carson, Thomas Crogan and Doc Holden. Carson lives here. Holden comes from East Providence and Crogan is well known in New Jersey.

Carson was the first arrested and the police say that he gave them enough of a clue to trace the other two.

Inspector Lewis Godfrey, who made the arrests says that the three are the band that Chief of Police Bower of Barrington exchanged shots with several weeks ago. He also claimed that the local department had communicated with Newport and that one of the rigs stolen from this city was found there.

# ONE MAN KILLED

ROCHESTER, N. H., June 14.—One man was killed and several others injured, two of the latter being terribly scalded by the explosion of a boiler connected with a portable saw mill at Mousams Mills on the outskirts of the neighboring town of Stratford. The scene of the accident is remote from houses and only a few dwellings are situated in the Mousams woods about two miles from the road and four or five miles from Center Stratford.

When the explosion occurred the scalded in which the boiler was housed was blown into pieces. The boiler burst into fragments and the flying bits or iron were hurled in all directions, one large piece being picked up more than 300 yards away.

Telegraph pole, cut in his instrument gave a brief and meagre account of the accident. How many persons were employed about the mill is not known here nor has the cause of the explosion been learned as yet.

Lem Stevens was the man killed, his death being instantaneous. Among the injured were John Whitehouse, Jack Lee, T. Ellis and Ellis' son-in-law. The mill was owned by Charles Stover and was situated in the Mousams woods about two miles from the road and four or five miles from Center Stratford.

Messages to the city for medical aid, said that four men were killed but this was later found to be erroneous. Two of the injured have slight chance for recovery. The news of the accident was received from a line-man employed by a telephone company. This line-man climbed to the top of a

The committee will also consider the question of appropriating \$4000 for food and other public building improvements.

# SACRED HEART

### FEAST WAS OBSERVED BY L'ASOCIATION CATHOLIQUE

The patronal feast of the Sacred Heart was celebrated yesterday in an appropriate manner by the members of L'Association Catholique.

The members received holy communion in a body at the seven o'clock mass at St. Joseph's church, the mass being celebrated by Rev. Fr. Baron, O. M. I., while Rev. Fr. O'Malley, spiritual director of the association, delivered the sermon which was on the "Sacred Heart."

After mass the members marched to their hall in Pawtucket street where breakfast was served.

At two o'clock in the afternoon the members assembled at their hall and marched to Notre Dame de Lourdes church in Branch street where a special sermon was preached and benediction sung. Joseph Pavette acted as chief marshal of the procession.

Rev. Fr. Dubreuil, rector of the church, welcomed the members. The sermon was delivered by Rev. Fr. Claud, O. M. I., and benediction was sung by Rev. Fr. Dubreuil.

# GREAT FLAGRAING

WASHINGTON, June 14.—While the guns of Fort Meyer on the Virginia side of the Potomac river boomed forth a salute of 21 guns a feasibility of the Port Mifflin flag was raised over the house in this city in which Francis Scott Key, author of "The Star Spangled Banner," lived for many years. Four hundred school children sang this patriotic song as the flag was being raised. Other ceremonies appropriate to this day were held in the house which is owned by the Francis Scott Key Memorial Association and preserved by the city as a museum. Exercises were held in many of the government offices here during the luncheon hour.

# POLICE PENSION BILL

In accordance with the recent vote of the city council instructing Mayor Brown to petition the legislature that the police be extended to the operation of the act by which police officers are pensioned, Mayor Brown has filed a petition, accompanied by a bill exempting Lowell and the two documents are now with the clerk of the senate.

# HOLY NAME MEETING

The Holy Name society of the immediate neighborhood church held a very largely attended meeting in the basement of the church Sunday afternoon at 8 o'clock. The object of the meeting was to raise funds for the purchase of a new altar for the church. The meeting was addressed by their director, Rev. Fr. O'Malley, O. M. I. A business meeting was then held at which the committee appointed at the last meeting to consider ways and means to increase the attendance at the meetings made a report which consisted of several very important suggestions. They were considered at great length and the same committee was appointed to carry them out. Among the suggestions made was one that if held by business meetings of the women. The next meeting of the society will be held at the first of the month and will take place at the church. The following of July there will be an entertainment given and light refreshments will be served. The committee is also going to appoint a music director to form a choir among the members to sing the hymns in the office.

# LOUDLY CHEERED

### Cardinal Andrieu Was in Court

BORDEAUX, June 14.—When Cardinal Andrieu appeared in court today to answer the summons of the judge, charging him with having incited a breach of the laws by the allocation which he pronounced at the cathedral on the occasion of his enthronement, he was acclaimed by an immense crowd of Catholics. The cardinal told the judge that he came as an act of courtesy and not because he recognized the competence of the court. He said he had spoken as a bishop, and that he was answerable only to his conscience, the pope and God, and declared that he assumed the full responsibility for his words in which he maintained the right to disregard the laws of the republic when these were prejudicial to the free exercise of religion.

When the cardinal emerged from court he was again cheered.

## WENT TO CAMBRIDGE

Acting Superintendent Reimold Welch and Inspector Charles J. Sullivan and Martin Malloy, of the police department, are attending court in Cambridge today. Lowell officers were scheduled for trial during the day.

Mrs. Frank L. Shattuck of Nashua and Mr. Mary T. Shattuck of Boston are visiting at the home of Mr. and Mrs. George N. Coburn, 480 Rogers street.

## 25 YEARS WED

Mr. and Mrs. George N. Coburn are celebrating the 25th anniversary of their marriage at their pretty little home at 480 Rogers street today. While a number of relatives and friends called during the day the reception is to take place this evening when beside the Lowell friends to be present there will be about fifty Lawrence people who will come to this city on a special car.

A fine musical program has been arranged for the evening and luncheon will be served.

Both Mr. and Mrs. Coburn were former residents of Lawrence, but for the past eight years they have resided in this city. Mr. Coburn is in charge of the linotype machines at the Courier-Citizen.

The happy couple were married June 14, 1884, at Haverhill, Mass. Rev. Charles F. Fowden, pastor of the Central Methodist church, and David H. Lawrence, pastor of the Baptist church, officiated at the wedding. The ceremony was held at the home of the bride, Mrs. Coburn, who is now residing at 480 Rogers street.

Mr. and Mrs. Coburn were the recipients of many beautiful presents, the majority of which were of silver.

# THE TARIFF BILL

## Senate May Vote on the Measure Next Saturday

WASHINGTON, June 14.—The feeling in all sections in the senate is that the tariff bill is approaching the last days of its consideration in the senate.

Senator Aldrich is hopeful that the end may be reached by next Saturday and many of the conservative republicans as well as many of the democrats are inclined to agree with this prediction.

The "progressive republicans" are not quite so optimistic, but Senator Beveridge is of the opinion that the final vote will not be postponed beyond the end of next week.

The week will be devoted to a general cleaning up. With the exception of one disputed point in the silk schedule, the senate last week concluded its second consideration of the bill and disposed of all paragraphs of the schedules on which the committee had reported.

Among the questions not acted on in committee were many disputed points but there was an effort to dispose of them rapidly and it is believed that comparatively little time will be taken on any of them.

In the paper schedule the principal items to be considered are those pertaining to lumber, wood pulp, print paper, hides, coal, zinc, window glass, scrap iron, cotton ties, cotton bagging, leather goods, binding twine and petroleum.

Hides, coal and petroleum are giving the finance committee no little concern, but the present indications

are that the senate will place a duty on all of these articles.

There is a demand for a reduction and a reclassification of the window glass schedule, but any prediction as to what the result might be would be misleading. The same may be said of the contest between pig iron and scrap iron in the metal schedule.

The southern senators are making an earnest though probably an unsuccessful effort to have cotton ties and cotton bagging made free of duty and the binding twine provision has been held up until the cotton tie question can be decided.

The leather schedule, including leather itself and leather goods is suspended awaiting the decision on hides.

Other important articles which remain undecided are pineapples and monazite and thorite, which are ingredients in the manufacture of incandescent lights. It is also understood that the finance committee will bring in some future changes in the silk schedule.

### AUTO CLUB

#### ATTENDED HILL CLIMBING CONTEST IN WORCESTER

The members of the Local Automobile club who went to Worcester, Saturday to witness the hill climb at Dead Horse Hill had a delightful trip despite the fact that some of the drivers lost their way and got into Worcester after a roundabout route.

The Lowell delegation was headed by President John O. Heltz and Secretary John A. McKenna of the auto club who had as their guest Mayor Brown. They were the guests of Mayor Logan of Worcester during the day.

The party arrived home in the early evening. Ladies' Day, Thursdays, Turkish Baths, Middle St. Experienced attendants in charge. Everything renovated.

## FOUR RESCUED

### One Woman Lost Her Life

PROVIDENCE, June 14.—Several rescues of drowning people were made in the rapidly running tides of the Seekonk river at its narrowest point near India point last evening.

Mrs. Valeria Pettit, 24 years old, who lived on Raymond avenue near the East Providence line, was drowned just as two passersby leaped to her aid. They were a second too late to grasp her. She was not seen afterward and last night Harbor Master Maguire and Capt. Matthews dragged the river for the body.

Men who refused to give their names saved at their own great peril the lives of Joseph Roberts, 28 years old, his wife, Mary, 25, their son, George, 5 years old, and Edmund Pettit, 26 years old, husband of the woman whose life was lost. All those rescued were taken to a nearby house on India street and cared for.

The Roberts family was hurried away to the hospital in ambulances, all being unconscious for a time. Pettit was attended by doctors near the scene of the accident. He was suffering deeply from his experience in the water and because of his wife's death.

The disaster followed a day of pleasure down Narragansett bay at the shore resorts. The parties all reside at Pawtucket and they made the excursion from that city in a small catboat. They were on the return trip and near the bridge of the N. Y. N. H. & H. railroad at India point. It is one of four which has to be passed in the navigation of the Seekonk. The main sheet jibed and the boom struck the heavy strings which guard the structure on each side, sending the craft over and throwing all the occupants into the swirling tides. The fortunate presence of passersby prevented a more serious loss of life.

### SCALP WOUND

#### MAN FELL FROM AN ELECTRIC CAR

Newell Hayes, aged about 60 years, fell from an inbound electric car in Chelmsford street last night about 8:45 o'clock. He was alighting from the car when his foot got caught and he was thrown to the street. He suffered a scalp wound and a fracture of the thumb.

The injured man was placed aboard the car and at the turnout at Grand street was transferred to the ambulance and removed to St. John's hospital.

## THE PEARY PARTY

### Will Try to Reach Dr. Cook

NEW YORK, June 14.—Although the projected special relief expedition for the rescue of Dr. Frederick A. Cook in the Arctic regions was abandoned or at least did not materialize with the opening of the year, it became known yesterday that efforts to reach Dr. Cook are to be made this summer and that notwithstanding any controversy that there may be between Lieut. Peary and Dr. Cook or between the friends and supporters of the two men it may turn out that navigators going to the assistance of Peary this season may return with Dr. Cook or with word from him.

The statement was made by E. W. Wallace, the explorer who went north with the late Leonidas Hubbard and who had been asked last winter to take charge of the proposed Cook relief expedition. Mr. Wallace was at the studio of E. W. Deming, the painter of Indian life, last evening when he talked of the matter, surrounded by some of Mr. Deming's interesting canvases and some of his own Labrador relics.

"I was asked to go on the Cook relief expedition last January," he said, "and I felt obliged to decline for several reasons. A thoroughly equipped relief expedition would have been very costly, and it really seemed to me useless to attempt such a work."

Moreover, it is my opinion that in all probability Dr. Cook is either at Etah, Cape York of Upernivik, if he has not perished. And if he is at any of those places he will be found this summer by the men taking supplies to Peary.

"It is most fortunate that Capt. John Bartlett is going north on this work. He starts on July 15 to take coal to Peary, and he will visit Upernivik, Cape York and Etah. Capt. Bartlett is an experienced man in those latitudes and he will get into communication with the Eskimos and will be able to make inquiries for Dr. Cook, if he does not find him at one of those points, and if there is any information to be had he will get it."

Dr. Cook ought to be at Etah. He should have been there last September, and the man he left there had authority to come home at the time Peary's party reached there if the doctor had not then returned. The doctor was not there, and he has not been expected. He has been longer than he expected.

"If by this time he has not reached one of those places I am afraid he is not living, although it is possible that he may have been forced around to the other side of Greenland. It may be that the current carried him to the eastern side of Greenland and he was compelled to make for Shannon Island. He was aware that there are several catches there and if he reached that point he would find supplies enough to sustain him for two or three years or even longer. In that case we might not hear of him for three or four years, for he would be obliged to wait until some whaler put in there as the whalers sometimes do."

"It is fortunate indeed that Capt. Bartlett is going to Etah, Cape York and Upernivik, the most likely places to find the doctor, and personally I am very glad indeed, for it relieves me of a very hard task. I want to get away on a trip, but it is not a simple cruise. I want to go on a ship and hunt and fish, expedition, with perhaps some incidental exploration. I may get to Labrador, although my plans are not definite at present."

"It is my belief that the men who attempt the Pole by the Greenland route are all wrong and are wasting time. I believe that the only way to get to the Pole is to start at Bering Sea and go with the current. Of course there are two currents, or rather the current divides, and those who have attempted that course have got into the wrong current. All the explorers know of this route and of the current, but the trouble is this scheme would take too long; it would require three or four years, and they do not want to give up the time. But that current must carry one either over or very near to the Pole, and I think that that is the only way to get there."

### DR. MacNICHOLL

#### TALKS ON EFFECT OF ALCOHOL ON CHILD LIFE

NEW YORK, June 14.—Dr. T. Alexander MacNicholl of 101 West Sixty-sixth street, this city, read a paper on Tuesday last at Atlantic City at a congress of physicians which has stirred up talk, the uproar swirling about the doctor's reported statement that a large percentage of the school children of the metropolis were degenerate owing to the misuse of alcohol by their parents and to its more or less daily use in small quantities by the pupils themselves.

Dr. MacNicholl said yesterday that he had no wish to enter into any personal controversy; that his investigations as to the effects of alcohol on child life had been undertaken solely for scientific purposes and that he had spent fifteen years at the work in collaboration with other scientific investigators. But in view of the publicity that had attended the reading of his paper at Atlantic City he said he felt that it would be proper for him to make a brief statement. In the first place, he said, his paper was entitled "The Relation of Alcohol to Child Life," not to school child life, and the principal declarations in it referred to children generally, of the statements which had provoked controversy only one mentioned children in the schools specifically.

The paper, he said, was presented to the American Medical Society for the Study of Alcohol and Other Narcotics, a society composed of medical educators and investigators from every section of the United States, and reported the doctor's findings of a large number of all ages from infancy to 15 years. MacNicholl, as he pointed out, this matter was not in the child life but in the life of the child, and a few years in the life of many after schooling had ceased.

A few of the facts embodied in the report, he said, are as follows: These studies reveal conditions existing in some of our great American cities, and the parallel the historic depredations of the Indian conditions, in the growing disregard for legal restraint that are visible of an extension that will endanger the integrity of our national life.

Fifty million pounds of drink were consumed in the United States annually at regular intervals.

Thirty million pounds of drink are consumed in the United States annually at irregular intervals.

Twenty million pounds of drink are consumed in the United States annually at irregular intervals.

## A PLAIN STATEMENT OF FACTS

For several years past, the retail dealers of Lowell have closed their stores on THURSDAY AFTERNOON AT 12.30 DURING THE SUMMER months. The Butchers and Grocers close a year round on the same afternoon, at the same time.

A few weeks ago, at a meeting of the Retail Merchants' association, to which we do not belong, at which less than twenty stores were represented, it was voted to close their stores this year on TUESDAY AFTERNOON, Ironing Day, instead of THURSDAY. This does not meet with our approval, as we have made as careful a canvass of our customers and employees as possible and the result shows us that THURSDAY is by far a more desirable day for closing.

Consequently, our store will be open on TUESDAY AFTERNOON as usual, and WILL BE CLOSED AT 12.30 ON THURSDAYS during July, August and September, beginning July 8th, and continuing to September 23rd inclusive.

### BIG BALLOON

#### CARRIED PARTY FROM PITTSFIELD TO EAST ALSTEAD, N. H.

PITTSFIELD, June 14.—After drifting for seven hours above the clouds Saturday night Wm. C. Bramhall and J. A. Benton of Boston, who made a mid-air ascension in the balloon Massachussetts from here Saturday night, Van Sleet, pilot, descended at Dunsmuir, Vt., at 6 o'clock yesterday morning in a lot near a farmhouse and breakfasted with a farmer.

The balloon was tied to a tree while the aeronauts were at breakfast and as the sun came out strong the Boston men, delighted with their long night experience, decided to extend the trip and reentered the balloon, which ascended and carried the party to East Alstead, N. H., where a landing was made. The distance, air line from Pittsfield, is about 65 miles.

For long periods Saturday night the balloon remained stationary in the upper air and no attempt was made to negotiate a landing. Toward morning, by jockeying the balloon, an air current was found which swept the balloon over the state line into Vermont and in the direction of Dunsmuir.

This is the first time in the experience of pilot Van Sleet that a balloon party has stopped en route for food and re-embarked.

### THE REGENTS

#### DECIDE TO ESTABLISH COURSE IN JOURNALISM

SAINT PAUL, Minn., June 14.—The efforts of students of the University of Minnesota for the past two years, to persuade the regents to establish a course in journalism have succeeded and the university will begin making newspaper men according to the most approved rules in the fall. The course has finally received the hearty endorsement of the university authorities and will be made thoroughly comprehensive.

Minnesota's action follows that of Missouri and of several leading American universities. The course laid out for the training of Minnesota youth in the newspaper profession will be thoroughly practical and one of its important features, already decided upon, is that in addition to the regular class room work the course will be largely dependent upon lectures from prominent newspaper men in the northwest, known for their experience and ability. These lectures will constitute the mainstay of the course and the other work will be built up around them in such a way as to bring the practical problems of newspaper making and news gathering to the fore.

Governor John A. Johnson, who is by profession a newspaper man and who has had long experience in reporting, in the editor's chair and as an owner of newspapers will be one of the lecturers this fall, and associated with him will be other men equally well known in the profession in the Northwest.

The course is designed to prepare bright young men with requisite qualifications for work on modern newspapers and the ambition of the university authorities is to make the course sufficiently complete and to conduct it along such lines that a graduate will be equipped to take up the work of newspaper reporting without other experience. It is believed that with the co-operation of Northwestern newspaper men this can be brought about.

The university offers its own field for practice, the students themselves being the publishers of a bright daily newspaper of considerable pretensions. There are several other student publications, several of which have already done good work in training students for active newspaper work.

### AN INSPECTION

#### OF 1000 MILES OF THE MISSISSIPPI

SIPPI

ST. PAUL, Minn., June 14.—One thousand miles of the Mississippi river will be inspected in a most thorough manner by the inland waterways commission, acting under instructions from congress, the work to be performed within the next two months. After completing the examination of the sections of the river for which deep water channels are being considered, the commission will complete its work by visiting Europe and making a very careful study of the uses to which rivers are put in the old world.

Official announcements state that the commission will meet in Buffalo on July 1, proceeding up the lakes to Duluth and thence to St. Paul, making this the starting point for the long down-river journey, upon which the commissioners will be accompanied by prominent government engineers engaged in river work.

The commission will be met at St. Paul by prominent business men interested in the deeper channel project and several important matters included in the proposed harbor plans for St. Paul, the improvement of the Minnesota river and the high dam question which covers proposed work between St. Paul and Minneapolis.

From Saint Paul the route of the commission will be down the river to the mouth of the Ohio, inspecting the work at various points and investigating recent developments in the improvement plan. The commissioners will not inspect the lower river but will leave late in July for Germany. After a study of German methods of making rivers transportable by freight, the commission will proceed to Holland to study the canals of that country, visiting England and Austria in turn.

From the head of navigation at St. Paul to the mouth of the Ohio the river will be under government boats. All the expenses of the investigation are to be borne by the government.

### COST HIM \$2000

#### O'CONNOR YIELDED UP THAT SUM

NEW YORK, June 14.—Chas. O'Connor, who recently lived in Troy and is now at 21 West Thirty-sixth street, appeared in the Yorkville police court yesterday to prosecute Miss Theresa Cargnello on a charge that she obtained \$2000 from him on representations that she did not fulfill.

It came out in the examination that there was a tender feeling between the two at the beginning of their acquaintance a few months ago. Miss Cargnello said the man proposed marriage to her, but she declined to accept his proposal until she was better acquainted with him. He used to visit her at her home, 227 West 36th place.

O'Connor said he used to be an actor and had also been in the hotel business. The way in which he parted with his money, he said, was that the woman proposed that they buy out the grocery and wine business of Russo & Marchese, at 355 Ninth avenue, and go into partnership.

After giving her the money he was unable to get title to the grocery and wine business and he could not get his money back. He complained to the police and the arrest followed.

Joseph Russo of the grocery firm said he had not sold out his interest and further that Miss Cargnello was not interested in his business other than being acquainted with his partner. Magistrate Herbert adjourned the case and held the woman in \$2000 bail.

## HONORED DEAD

## Firemen Visited Graves of Deceased Brothers

With simple but beautiful services the local firemen yesterday observed Memorial Sunday by visiting the graves of their departed brethren in the Edison and St. Patrick's cemeteries and decorating the graves. Committees from all the firehouses in the city to the number of 42 assembled at the central fire station in the afternoon and took a special car to the cemetery. Upon arriving at the Catholic cemetery, all alighted and marched within forming a circle in the main roadway in the center of the cemetery. Assistant Chief C. T. Alway took a position within the circle and addressed the gathering as follows:

"Gentlemen and Members of the Lowell Firemen's Memorial Association.—We are assembled today to pay our tribute of respect to our departed and honored brothers of the Lowell fire department. The object of our association is to honor our deceased members and keep ever in mind their good

## YOUR BACKACHE WILL YIELD

## To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. W. L. York, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

We never publish a testimonial without the special permission of the writer, and then only when we are sure it is genuine. Such testimony should create confidence in all suffering women.

## THE B. &amp; M. BILL

## Was Subject of Debate in the House Today

BOSTON, June 14.—In anticipation of final agreement on the Boston holding railroad bill a measure which is to solve the long drawn out railroad merger controversy in New England there assembled at the state house today one of the largest crowds that ever jammed the gallery of the house before which body the bill cleared on the question of ordering it to a third reading. The bill ran the gamut of the senate last week without more than a few words of discussion, but it was resolutely debated on Thursday and Friday in the house, and arguments were delivered at the opening of today's session. The hands of the opponents of the measure, turned by many of the governor's bill, were strengthened during the two days of recess by the action of the legislative committee of the democratic state committee and the support of several of the leading members of the chamber of commerce. On the other hand, a large number of business organizations, the state grange and many business men sent

## STARS AND STRIPES

## Flag Day Was Observed in Homes and Schools

This is "flag day" and it is being universally observed. There were exercises in all of the schools this forenoon, each class having its individual observance. Supt. Wilcomb sent out notices to the schools some time ago relative to an observance of "flag day" and the mayor issued a proclamation. It was on June 14, 1777, that the first United States flag of the present design was adopted and the exercises today were, in the greater part, historical. Flags were displayed in or on all of the schools and salute to the flag was general. The custom has become general to display the national colors on each recurring birthday anniversary of the flag and today it is being more generally observed in Lowell than ever before.

When the teachers in the schools today told the story of the flag they doctored it something after this fashion. Since 1833 Flag Day has been recognized by the schools of New York. Feb. 17, 1838, the American flag association was organized in New York with the motto, "One Flag, One Country, God Over All." Its object is to

## THE PROGRAM TOUCHED FOR \$28

## For the Champion Pickpocket Gets to a Celebration Newspaperman

BERLIN, N. H., June 14.—Official programs for the coming Centennial celebration, July 4-10, will be issued during this week and it is feared that the events will be on an even more elaborate scale than have been previously anticipated. Beginning with church services on Sunday, the Fourth of July, with Protestant and Roman Catholic altars, holding commemorative exercises, the celebration will continue every day during the week, each day being given to some important feature. Persons foremost in the nation in the states of New York and Vermont and in the church will take part. President Taft and Vice President Sherman are expected to attend.

On Sunday the first day of the anniversary following the services in the various churches there will be a great open air mass meeting with addresses by prominent clergymen.

Monday will be devoted to the observance of Independence day. Tuesday will be given to athletic exercises, day, Wednesday, Thursday and Friday will continue the celebration with a parade and competitive drill by the fraternal societies participating.

Thursday will be the greatest day of the week, when it is expected that all prominent persons will assemble at a banquet at which the president and vice president, Governor's friends and friends, and others will deliver addresses. Friday will be given to the day with a parade by the national guard and Saturday will bring the allegory of the discovery of Lake Champlain, for which much preparation has been made.

While these events are being carried out on the Vermont side of the lake, a similar program will be in progress on the New York side with Pittsburgh as the center. The principal day on the New York side will be Wednesday, when at Pittsburgh the residents and other officers from Washington, legislators and governors will take part.

## GREAT INTEREST

## In the Trial of Charles Cadwell

WODDSTOCK, Vt., June 14.—With the expectation of hearing particularly interesting testimony, especially with regard to lawbreaking in the woods of Windsor county, talesmen from the little hill towns drove into town today for the trial of Charles Cadwell of Chester, charged with burning a barn there last fall, but who the talesmen claim has knowledge of other crimes.

Cadwell was arrested in February at a hotel in Bellows Falls and there, it is claimed, he made certain statements to two officials under the impression that he was talking to the leaders of a band of outlaws. These statements, it is said, were reported to the sheriff of Windsor county. Cadwell has since been in jail here under a strong guard and it was arranged to bring him into court this afternoon when it was expected that the trial would begin.

TO RESTORE SALARIES

NEW HAVEN, June 14.—Announcement was made today at the offices of the New York, New Haven & Hartford railroad that at the meeting of the board of directors held last week it was voted unanimously that the five per cent. reduction made some time ago in the salaries of officers and employees should be restored.

It was reported some time ago that in addition to the restoration of the old salaries the company would give the men who had suffered a reduction a bonus as an offset to the past cut, but it is now ascertained that no such bonus was voted. The cut went into effect a year ago last April and was ten per cent. for salaries of two thousand dollars and over and five per cent. of salaries between \$1200 and \$2000, engineers and conductors, however, not being affected. The total addition to the salary list by the restoration of salaries will be about \$130,000 a year.

## LAKEVIEW THEATRE

The season at Lakeview theatre will open next Monday, June 21st, for the summer with a dramatic stock company under the management of Jos. J. Flynn. The popular comedian, James Kennedy, has been engaged to head the company. Mr. Kennedy's engagements in this city in past seasons have been most successful, and his popularity has grown with each succeeding visit, and he will undoubtedly be warmly greeted next week. The plays to be presented embrace a range of plays from comedy to melodrama, and every play will be carefully and adequately staged, with special attention to detail and harmony in settings and costumes. The supporting company has been carefully selected and includes Anatole Smart, Agnes Lee, Minnie Stanley, Nora Kennedy, Chas. Boulton, Hubert Wallon, Jos. Foley, Peter Maguire, Thomas Burns and others. The play to be presented for the opening week will be "Sheridan's" an excellent comedy drama in which Mr. Kennedy will be seen in one of his most popular roles.

Matinees will be given every day except Monday. Reserved seats for all performances are to be on sale at Carter & Sherburne's drug store.

## THAT FRANCHISE

## More Talk as to Who'll Get It

The Lowell team got a game Saturday at New Bedford in a double-header which makes 10 victories for the season. The players are more hopeful since they learned that their back salaries will be paid.

While no one has the franchise in his pocket as yet it was practically decided to sell it to the Gray brothers of this city who were present at Friday's meeting with the necessary money. An effort will be made, however, to form a local association at a meeting tonight in the American House, but as nearly all the fans are satisfied to have the Gray brothers have the franchise it is doubtful if the local association will be materialized. When Winn took the team a similar meeting was held and while the local men were talking plans, Winn gave the money and secured the franchise. The averages to date are as follows:

## FAST BASEBALL

## Played by Local Teams Saturday

The Lowell Americans and the Glenavale of South Boston met at Washington park Saturday afternoon and gave an excellent exhibition of clever ball playing. The Lowell boys came out victorious by the score of 5 to 4, but it was not until the eighth inning that the winner could be determined. The score stood 4 to 4 until this inning, and with two out "Hoppy" O'Brien of the locals put the ball over the right field fence for a homer. In the early part of the game it was all Boston. They started right in the first inning and scored two runs. There was nothing doing in the second. In the third the Glenavales scored one more on excellent base running. The local aggregation failed to tally until the fifth, when they piled up four runs. The bases were filled and Vaughn came to the bat and batted a beautiful two runner, scoring the game. Vaughn then scored on a single by Sharkey, but the water was nailed trying to pitch second. There was no more scoring until the eighth, when O'Brien made the winning run. Both teams played great ball. The batteries were Sharkey and Vaughn for the Lowell Americans, and Asquith and Smith for the Glenavales. The Lowell team struck out nine men and gave two bases on balls. The Boston twirler also had 9 strike outs to his credit, but gave six free passes. Big Merrill outplayed as umpire and gave general satisfaction. The attendance was large and all were well satisfied with the game. Score—Americans 5, Glenavales 4.

## Lowell A. A. Won

The Lowell Independents under the management of "Shut" Moore defeated the Roxbury team in a double game Saturday afternoon in a good game by the score of 6 to 5. A good sized attendance was present and fully enjoyed the exhibition. McCreavey and Donahue were in the points for "Shut" team while Buckley and Connolly did the base work for the Roxbury team. Next Saturday the Lowell team will journey to Nashua and play the Nashua Independents.

## L. &amp; S. League Results

There were three games in the Lowell & South Boston league series Saturday and all were close and interesting contests. The V. F. C. A. team won from the Dragons in a great game by the narrow margin of one run. The final score being 7 to 6. On the Indians grounds in upper Gosham street, the Indians defeated the Mt. Groves by the score of 4 to 1. The game was a genuine pitchers' battle. Johnson of the winning team had 11 strike outs to his credit, while Doyle of the opposing team fanned 12 men. The former was more effective with men on bases. There were but 11 hits in this game, the Indians getting 4 and the Mt. Groves the remainder. The other game between the Dixwells and the North Chelmsford team was also close, the former team winning 4 to 2.

## CHILDREN'S DAY

Was Observed in the Protestant Churches

Yesterday was children's day in the Protestant churches throughout the city, and large congregations were the order of the day. There was an abundance of flowers and song. All of the churches were decorated and the little ones were happy.

## Highland Congregational

At the Highland Congregational church the day was observed with a concert in the afternoon and there were many guests. There was a very fine program by the young people under the direction of Frank L. Spooner, assisted by the church quartet. Among the numbers were: Exercise, "Christ Our Captain," Alfred Barr, Marshall Phil, James Bradley, Arthur Sanders, Howard Ingham, recitation, "I Want to Tell You," Margery Robinson; exercise, "Little Hearts," kindergarten department; recitation, "The Little Lad," Marion Bradley; recitation, "Only a Baby," Carlton Gardner; offertory exercise, Joe Rogers; Philip Brown, John Thompson, Willie Pesshee; recitation, "The Reason Why," Emily Burke; recitation, "He Did Not Know," Dorothy Spooner; exercise, "Blessed Children," Virginia Sargent, Elbert Grant, Harold Bryant; recitation, "One Day for the Children," Eleanor McChesney; recitation, "A Cluster of Violets," Anna Way. Plants were distributed to the children at the close of the service.

The graduation exercises of the different departments of the Sunday school were held during the noon hour. A large number of children being promoted. Much credit was due the superintendent and the teachers for the proficiency shown in Bible knowledge. Frank L. Spooner, the superintendent, and Rev. A. F. Dannels spoke words of encouragement to the children.

## First Universalist

Children's day services at the First Universalist church were well attended. The following program was given under the direction of the assistant superintendent, Mr. Charles H. Chickney, and the chorister, Mr. Horace E. Moody:

Organ voluntary; procession hymn; anthem responsive reading; song; prayer; offertory solo "A Song of Trust," Miss Nettie M. Studley; recitation, "Children's Day," Miss May Sherburne; exercise, "Little Feet Climb," Misses Mae Bangs and Dorothy Leeds; recitation, "His Service," Miss Ella McLean; exercise, "A Bunch of Daisies," Misses Josephine Harmon, Mildred Cunningham, Roseline Milton, Ruth Houghton, Marion Downs, Lillian Ferguson; song, "Doors," solo, "Message of Roses," Miss Lillian Ferguson; dedication of children; song, "Beautiful, Beautiful Flowers," kindergarten; recitation, "Children's Day," Master Roy Arnold; exercise, "Life Plans," Master Donald Esterbrook and Sidney C. Varney; recitation, "I am a Little Soldier," Master Bertram Needham; exercise, "Children's Day," Masters Roger Clapp, Forrest S. Var-

ney, Normand Rhodes, Clifford Bisle, Edward Bell, Misses Flora Long, Gladys Long, Dorothy Howard, Margaret Adams, Mary Toby, Hannah Adams, Cornelia Toby; song, school exercise, "In Land of Darkness," Miss Ernestine Esterbrook, Ruth Dickey, Marion Downs, Mildred Cunningham, Gladys Long; presentation of diplomas by the principal of the kindergarten department, Mrs. Hemenway; address by the pastor, Rev. C. E. Fisher, anthem, choir; distribution of plants; benediction; organ postlude.

## Elliot Congregational

Ten children were baptized at the Elliot Congregational church yesterday, water from the river Jordan being used. The water was brought to Lowell about a year ago by Asa C. Russell. The services were very beautiful and very impressive. The services opened with a baptismal procession led by a boy choir in cassocks and surplices. They sang "Onward Christian Soldiers." Mary Dexter was the flower girl and as each child was baptized Miss Mary passed the baptismal cross a beautiful crown of roses. The youngest child baptized was two months old and the oldest was seven years.

## Centralville Methodist

The Centralville Methodist church was prettily decorated for children's day. The pulpit was banked with flowers and the stars and stripes figured in the decorations. There was a large attendance of children.

## Paige Street Church

Children's day was observed yesterday at the Paige Street Free Baptist church. At the morning service there was a fine program by the children of the Sunday school under the direction of the superintendent, Mr. Walter A. Chase.

## Kirk Street Church

The officers of the Sunday school together with members of the church performed the part of the service that usually devolves upon the pastor. There is no regular pastor at the Kirk Street church. Supt. Frank W. Hall of the Sunday school, John J. Rogers, James W. C. Pickering and Arthur J. Whitcomb conducted the devotional part of the service and the choir sang anthems in addition to the songs of the children. The little ones who gave recitations were Carroll Black, Louise Thompson, Donald McAllister, Ruth Cooke, Grace Gillis, Gladys Foster, Jessie Gillis, Harriet Black, Gloria Phil, Thirza Curtis, Marion Jackson, Doris Alexander, Elinor MacBrayne, Alice Whitehead, William A. Thompson, Hil-den D. Wetherbee, Louis Duplessis.

The offertory was not taken by the deacons, but by several boys, Norris W. Marston, Roland Phil, Douthett Foster, J. Robert Fletcher, Fisher H. Pearson, Jr., Donald Fletcher, Frederick Fletcher and Howard E. Marston, who made it a unique part of the service.

The evening services at the Kirk Street church have been discontinued until September.

## Pawtucket Church

At the Pawtucket church Sunday morning the features of the Children's day service were the excellent singing of the school under the direction of Mr. W. C. Hamblet, the graduation of a number of little children from the cradle roll into the primary department, the general excellence of the recitations and the beauty of the decorations.

## First Presbyterian

Children's day was observed in the morning at the First Presbyterian church, the front balconies and platform being fully occupied by the junior and primary departments of the Sabbath school. The exercises consisted of recitations, solos and choruses by the children, and an anthem by the church choir, which was finely rendered. Diplomas were presented by the assistant superintendent, James Allister, to the graduates from their respective departments. Prizes were given for attendance and good conduct. Master Clark, a boy of 10 years, receiving a Bible from the general assembly for repeating the whole of the shorter catechism without a mistake. Rev. J. M. Craig gave a short address, and Robert Blair for the committee, told of the action and purposes of the committee to make the celebration of the 50th anniversary of the founding of the church, on the evening of June 23, a grand success. Ancient York lodge, F. A. M., has been invited to dedicate the memorial window to the late pastor, Rev. Robert Court, D. D., which they presented to the church. The invocation has been accepted, and along with the other exercises, will be very interesting.

## First Baptist Church

Children's day exercises were held at the First Baptist church yesterday and the attendance at the service was very

FRAMERS OF THE INCOME TAX MEASURE:  
SENATOR WHO AIDS BIPARTISAN COMPACT

SENATOR BAILEY

SENATOR CUMMINS

SENATOR BORAH

WASHINGTON, June 14.—The coalition of republicans and democrats will have a test of strength on June 15, when the Bailey-Cummins income tax measure will come before the senate. The advocates of the income tax agreed so readily on the nature of the proposed law that they feel sure that instead of losing they will gain strength by the time the final vote is taken. Senator Bailey of Texas promptly accepted the Cummins amendment making the income tax 2 percent of 3 per cent and thus won the pledge of support of all that wing of the republican majority in the senate which favors a tariff revision downward. Senator Borah of Idaho also was instrumental in bringing about the coalition of the income-tax advocates, and a test of the strength was shown when seven republican senators voted for immediate consideration of the measure. They were Borah, Bourne, Hiram, Clapp, Cummins, La Follette and Piles. All of the democrats, including McHenry and Foster, voted with the income tax leaders.

Large. The following program was carried out:

Organ prelude: Salut D'Amour, Edgar; doxology; invocation; hymn, responsive reading; singing, "We Give You a Welcome Today," adult school; recitation, "This is Children's Day," Hazel Walker, Florence Garrett, Lena Young; song, "Hark to the Children's Voices," primary department; recitation, "Discontent," Elsie Aspin; children's exercise, kindergarten, Walter Barrett, Edith Anderson, Dorothy Fleming, George Walker, Alice Pearson, Gladys Shaffer, Martha Matthews, Elizabeth Gardner, John Waters, Ethel Adams, Irene Boudon, Lawrence Cummings; song, Alice Frough; recitation, "Flowers and Children," Doris Polk; song, primary department, "Just a Little Pansy," A Cluster of Daisies, Norma Reinsterna, Marion Carter, Hazel Mellan, Ruth Smith, Marion Hodgman, Florence Lampiere, Emma Smith, Camilla Varney, Edith Burnham, Dessie Kaanung, Isabella Florence; recitation, "A Wild Rose," Doris Smith; song, "I Will Try—Will You?" Dorothy Fleming; recitation, "Grandpa's Children's Day," Esther Stocks; recitation, Matilda Gure; recitation, "Dandelion," Violet Hanks; exercise, "Out in the Garden," Mildred Tucker, Elsie Logan, Edith McKinnon, Minnie Carpenter, Nabette Kecker, Ruth Graham, Karen Olsen; song, kindergarten, "Very Little Tots," exercise, "Muster Them for Jesus," Leonard Fletcher, Oliver Cummings, Harold Salschner, Raymond Gardner,

Harry Johnson, Alfred Lawson; song, "Sunbeams," Percy Bennett, Thomas Bennett; exercise, "Self," Thomas Stuart, Willie Walker, Percy Bennett, Willie Anderson; collection; song, "Blossom Belts," primary department; organ, postlude, "Fanfare," by Dubois.

Distribution of plants to 175 children of the primary department.

## First Trinitarian

The exercises at the First Trinitarian church were very elaborate. All services held during the day were given special significance and the attendance was large. The church was prettily decorated. About the front of the altar were massed some 250 plants, mostly geraniums in bloom and cut flowers and wild flowers. A dozen young people were received into membership in the church. Fourteen infants were baptized, the water used in the ceremony having been brought to Lowell by Rev. George F. Koenigst from the river Jordan.

Turkish Baths, 71 Middle St., now open, day and night.

## MEMORIAL DAY

OBSERVED BY SAMUEL H. HINES LODGE K. O. P.

Samuel H. Hines lodge, Knights of Pythias observed its memorial Sunday yesterday in an appropriate manner. The members met at the castle, 134 Merrimack street, at 9:30 a. m., when the opening part of the Pythian service was carried out by the officers of the lodge, C. C. William H. Harvey presiding.

Barges were taken to the Lowell cemetery where 17 graves were decorated after which the members assembled around the Pythian lot in Washington avenue and the closing ceremonies were carried out by P. C. Alvan E. Joy as C. C. and W. H. Harvey as poet.

Appropriate selections were sung by the grand lodge quartet, consisting of Stanley Scott and E. E. Mansur, tenors, and A. E. Joy and R. J. Fullerton, basses.

Graves were also decorated in the St. Patrick's school street and Hill-dorf cemetery, and at West Chelmsford.

An address was delivered by P. C. Alvan E. Joy in the lodge room as the closing part of the ceremonies. He was listened to with interest by the members of the lodge. The observance of the day was in charge of a committee of 15 members of the lodge.

MORE LAND

TO BE BOUGHT BY THE LONG MEADOW CLUB

The Longmeadow Golf club purposes to lay out three fine tennis courts on its land at the end of Andover street, in Tewksbury. It is the intention of the club to purchase an acre of land situated in the field just in the rear of the club house and running up back of the number three green and number four tee.

The committee in charge expects to pass the deeds very soon, the only ob-

stacle at present in the way being the releasing of certain rights of way over the ground to be purchased and which will become useless and unnecessary when the club has possession. C. I. Hood now owns the land. The use to which the land will be put is for three clay tennis courts of the most approved style of modern construction and which will add to the enjoyment of the members of the club to a large extent.

Fred C. Church carried the insurance on the Martine Gage property, 558 Bridge street, damaged by fire Saturday afternoon.

## TRUST DISCRIMINATION AGAINST HOME CONSUMERS

Why should congress foster a system that enables trusts to sell their products abroad for from 25 to over 200 per cent less than at home?

The revision of the tariff now being discussed in congress is a matter upon which the common people throughout the country are not well informed. In fact many of the senators themselves as well as the congressmen admit that they do not understand the import or the justice of many of the schedules. In such cases they are guided only by the claims of conflicting interests.

But there is one thing that is fast becoming known and it is sufficient to spread indignation throughout the country. That is the discrimination through tariff extensions in favor of foreign consumers.

We hear a lot of talk about the home market and home industries just as if the sole aim of the manufacturers were to protect the home market and to protect the people of this country against the influx of foreign made goods. It all favors the foreign consumer more than the American.

With the progress of the trusts in this country there has been a great deal of consolidation in various lines of industry. Small concerns have been pushed out and the business has passed into the hands of gigantic corporations that can actually suppress all competition in the domestic market. By that means they can levy tribute upon the home consumer without leaving the latter any remedy for his self protection. That the trusts are doing this at the present time and have been doing it for some years past is now demonstrated beyond a doubt by the actual quotation of prices of trust products in this country and abroad.

There is an actual discrimination against the home consumer that ranges from twenty-five to over two hundred per cent. in various commodities. This discrimination started about 1890 and has since steadily grown until its exactions have become intolerable and outrageous. The steel trust sells its rails at the city of Pittsburgh for \$30 per ton, while the foreign consumer can purchase them from \$22 to \$24 per ton. Is it not plain that this discrimination helps the foreign competitor and operates against local industry? The American railroads have to pay from \$28 to \$35 a ton for their steel rails while the Canadian Pacific can buy them for \$22 a ton.

The same is true of other commodities, such for example as American made files which sell in Germany at from 25 to 28 per cent. less than in the United States. This fact has been testified to before the committee on ways and means in congress by Mr. Nicholson, head of the file trust.

It is testified before the same committee that American sewing machines selling at \$65 in this country were sold for \$19.50 abroad and that there was profit in selling the machines at that price. By the same firm that sold the sewing machines, plows made in this country were sold in South Africa for \$8.50, the market price, of which in this country was from \$12.50 to \$20.

The Standard Oil Co. has a monopoly of the business in the United States and under protection of the tariff is enabled to sell its goods abroad from 37 to 60 per cent. less than in this country and so the discrimination goes on in most of the trust products.

It is claimed by some manufacturers that they do this in order to hold their foreign trade and that when they sell lower abroad than at home, they sacrifice their profits. That may be true in rare cases, but in the vast majority it is a fact as was stated by a manufacturer before the committee, that when the goods are sold at a lower price abroad, there is a sufficient margin, not only to pay the increased expense of sale, but to afford a living profit besides.

One of the leading export houses of the country publishes a journal for its business patrons in which is given weekly a confidential discount sheet for the export trade. This export sheet is guarded with extreme care, but a copy of it has been secured and it shows in plain figures the large discounts offered foreign purchasers thus leaving no question as to the discrimination against the American consumer. This matter has drawn strong protests from leading men of the country, from the press and from various reform organizations such as the Tariff Reform club of New York and the National Grange.

Here are a few figures giving the discount from American prices in the foreign markets for American, mostly trust made goods: Ammunition, 43 per cent.; borax, 210; wire nails, 58; typewriters, 54-82; wire rope, 211; talking machines, 160; fountain pens, 70; watches, 25; steel rails sold in Canada, 57; steel rails sold in China, 65; lumber sold in Australia, 47. These figures are sufficient to indicate the outrageous discrimination against the home consumer.

Thus it appears that our citizens who have generously taxed themselves for the benefit of favored industries are seriously oppressed. Many domestic industries are pushed out of existence by having to purchase their supplies from the American manufacturer at a much higher rate than these supplies are sold abroad. All unprotected exporters whether manufacturers or farmers, are thus seriously handicapped by the discrimination in favor of foreign competitors.

It is evident that the protective policy carried to this dangerous extreme is really encouraging the foreign instead of the home industries. As a result of this ruinous policy, many American manufacturers have recently been located abroad in order to take advantage of the lower prices of American products in the foreign market. This policy has also resulted in retaliatory tariffs as foreign manufacturers wish to protect themselves against the lower export prices quoted by American manufacturers. These hostile tariffs are threatening serious damage to the foreign business of many American industries.

Yet in spite of all this, Senator Aldrich and his henchmen, are pushing the tariff rates upwards instead of downward. They are laying the foundation of new trusts and an increase in the discrimination in favor of foreign markets. It seems that they think there is nothing too much for the American consumer to bear, but in breaking faith with the people in revising the tariff upward when they promised to revise it downward and in maintaining or even increasing this discrimination against the American consumer, it seems they are playing the lost law that will lead to their own undoing.

## PEOPLE OF NOTE

Alexander Irvine, at present lay minister of the Church of the Ascension, New York city, and member of the general committee of the socialists, has written the story of his life, which the World's Work will publish serially under the title, "From the Bottom Up." Mr. Irvine was born in an Irish village in 1860, an educated parson. He was in before he was able to read. He knew nothing of cleanliness until he had been taken to an Irish gentleman, and saw how comfortable the horses were in the clean stables. He was a stuffer, a coal miner, and passed certain periods of his life in other walks of life, all of which he will tell about.

Father Macdonald, director of the seismic observatory at Siena, who is credited with the discovery of the electro-magnetic waves preceding the so-called mechanical waves that generally signal earthquakes, is said to have contrived an apparatus by which he was able to find some other explanation than the usual one for the phenomenon which causes persons to awake from sleep just before an earthquake, or which causes uneasiness in animals. Assuming that electricity, instead of mechanical waves, were the cause of these phenomena, Father Macdonald contrived a coherent of special type, which on his first trial registered an earthquake shock four minutes ahead of the ordinary seismograph. The inventor has no expectation that his instrument will be able to foretell earthquakes of tectonic origin—that is, caused by strains and breaks in the rock structure of the earth, but thinks it may be used in giving warning of local disturbances.

Just as the love letters of the Brownings form one of the greatest of the world's love stories, and raise one's opinion of the possible nobleness of human nature, so the letters between Carlyle and Jane Welsh would be intensely interesting had not the writer attained other fame. William Lyon Phelps in the Forum, writes of a novel or a great drama, the man loved the woman from the first moment, and after a siege of five years an unconditional surrender, but a spectator who did not know the end would never believe in a victorious outcome. Few better opportunities have ever been given the world to study the intricate workings of a woman's heart. The constant of this particular element there was not a day in these five years even when union seemed rather away than a star, that he did not love her, and with the boldness, not of professional art, but of naked sincerity, he told her so again and again. But the woman—she married him, though every conceivable phase in her mental and emotional attitude toward her correspondent. Whatever she was, she was no fool; she was one of the elect of all the earth. Then she discovered, that while she wanted fame only, he wanted to be worthy of it, and it dawned upon her that the distance that separated them morally was greater than the distance between their minds. So the base of her fancied social superiority, from which she had somewhat contemptuously regarded her clumsy admirer, began to sink, faster and faster, down, she found herself looking up, and for the rest of her life, whenever she looked at Carlyle, she looked in no other direction than that.

## REV. B. WILLMOTT

## Preached on the Minister as a Reformer

Rev. B. A. Willmott preached last night upon "The Minister as a Reformer" and during the course of his discourse which was a considerable length he said: The minister to be a successful pastor and preacher, must be a many-sided man. He must know a great deal about many things, and much about other things. His specialty is religion. He is supposed to teach religion and to practice it, especially the religion of our Lord Jesus Christ.

"I think the majority of our people readily agree with me, that the function of the minister is to teach religion; but when you come to the definition of religion, there is likely to be division of opinion. Religion is a very comprehensive term. Jesus translated it into the terms of life. Men who tell the preacher that he must keep to the proclamation of the gospel, sometimes overlook the fact that the Lord Jesus said: 'I came that ye might have life, and have it abundantly.' That is, he translated religion into the terms of life. So the messenger of Jesus must stand for the proclamation of those institutions which injure life. His message is a living gospel to living men. Whatever reforms or stunts life, it is his business to reform."

"There is another class of pastors who believe as earnestly in social righteousness as the former, but they feel that the end can be better secured if they devote themselves to the forming of an intensive spiritual life in the community; to saving men by the gospel of Jesus Christ, and so forgetting in their desire to do right, they neglect the social, as the hateful thing it is, but they believe that the end can be better secured by the forming of an intensive spiritual life in the community; to saving men by the gospel of Jesus Christ, and so forgetting in their desire to do right, they neglect the social, as the hateful thing it is, but they believe that the end can be better secured by the forming of an intensive spiritual life in the community; # CORPUS CHRISTI

## Beautiful Services in Honor of Feast

### Inspiring Out-door Exercises at St. Patrick's and Immaculate Conception—Holy Name Reception at St. Peter's—Paternal Feast at St. Anthony's—Newly Ordained Priests at the Sacred Heart

The feast of Corpus Christi was observed with beautiful services in St. Patrick's church and the surrounding grounds yesterday afternoon. A large gathering of people of all denominations participated in the services.

In the forenoon high mass was sung at 11 o'clock by Rev. John J. McHugh and the sermon was preached by Rev. Timothy J. Callahan.

The choir under the direction of Michael J. Johnson gave appropriate music and there was music by the sanctuary choir under the direction of Bro. Raphael.

In the afternoon the services opened in the church at 2 o'clock and after benediction had been given the procession was formed and proceeded into the convent garden where benediction was given at a temporary altar. The procession then moved to the grove where again benediction was given. From the academy grounds the column proceeded into Fenwick street and the church yard where benediction was given at a temporary altar. At this altar the most imposing feature of the day was planned, consisting of the singing of "O Salutaris" by the combined choirs with music by the chimes and the Lowell Cadet band. A shower, however, made it necessary to omit the feature and the procession returned to the church after benediction.

Rev. Timothy Callahan was the celebrant of the services, and he was assisted by Rev. John J. McHugh, as deacon, and Rev. Joseph Curtin, as sub-deacon. The pastor, Rev. William O'Brien, participated in the procession.

The church choir of 40 voices, and directed by Mr. Michael J. Johnson,

#### Immaculate Conception Church

The festival of Corpus Christi was observed with unusual pomp and ceremony at the Immaculate Conception church yesterday, for besides the observance of the solemnity of the feast the fact that several hundred children were to receive first communion gave added interest to the occasion.

Early in the morning the little boys and girls who for several months past have been preparing for what is regarded as the happiest day in their lives—their first communion day—were assembled in the Immaculate Conception school hall where they had received instructions from Rev. Fr. McRory, O. M. I., Rev. Fr. Sullivan, O. M. I., the Sisters of the Immaculate Conception school and corps of Sunday school teachers, all of whom have given the little ones the best of attention. At 7:30 the boys and girls in line and headed by Rev. Fr. Sullivan, a cross bearer and two acolytes, and accompanied by the Gray Nuns they marched to the church and occupied seats reserved for them in the main aisle. The mass was celebrated by Rev. Fr. Sullivan and after the first gospel he delivered a brief sermon that moved many of the older folks present, especially parents of the children, to tears. It was a plain talk to the little ones and to their parents filled with words of joy and at the same time of warning. He spoke on the gospel of the day and told of how mothers brought their children to him and asked him to bless them, and the apostles thinking that Christ wished rest after the hard labors of the day tried to prevent the mothers and children reaching him, whereupon He uttered the words "Suffer little children to come unto me."

Fr. Sullivan treated his subject in grand style and his words had a most impressive effect on the great congregation. That he has taken such an interest in the children of the parish even added to the effect of the young clergymen's words and the blessing that he wished the little ones to receive, his sermon was a beautiful addition to God to shower His graces on the boys and girls who were about to receive Christ into their hearts.

Three hundred or more boys and girls received communion and the scene was indeed a pretty one. The boys wore dark clothes with a white flower, symbolic of innocence, on each coat and white ribbon streamer on the left arm. The girls were handsomely gowned; pretty white dresses trimmed with fine lace were covered with a veil of pure white and on each little head was worn a crown of white flowers, in each little pair of hands were carried the rosary beads, and the prayer book with its white covers. The altar was handsomely decorated and immense bouquets of cut flowers, the gifts of the communicants, surrounded the tabernacle. Communion was given to the children by Rev. Fr. Sullivan, O. M. I., assisted by Rev. Fr. Flynn, O. M. I.

At the conclusion of mass, prayers were recited and the children formed in line again and headed by Fr. Sullivan, the cross bearer and the acolytes, proceeded to the Immaculate Conception school hall, where they received the congratulations of their parents and their relatives.

In the afternoon the boys and girls assembled again in the church and were invested with the brown scapular and also had their heads and prayer books blessed.

The Corpus Christi procession was held at night and the rain interfered somewhat with the arrangements.

At vespers there was a solemn procession of the Blessed Sacrament. In the line were the newly ordained priests, sodality, the Children of Mary, O. M. I. Cadets, the first communicants, boys and girls, and the Holy Angels sodality. The procession moved through the grounds of Columbus park but as the rain was falling the Blessed Sacrament was retained in the vestibule. English hymns were sung and the procession passed. At the benediction, which was given by Rev. Fr. McCarthy, O. M. I., the Cadets presented arms. "Holy God" was sung after the benediction, and Mrs. Walker played "Onward, Christian Soldier" as a postlude.

The parish mass yesterday was celebrated by Rev. Charles J. McCarthy, O. M. I., who was recently ordained. Rev. Fr. McRory, O. M. I., was deacon and Rev. Fr. Barrett, O. M. I., sub-deacon. Rev. Fr. O'Brien, O. M. I., delivered the sermon and extended congratulations to the new priest.

The sanctuaries were decorated with handsome draperies and choral flowers, for it is a feast of the first order. The feast day properly fell on last Thursday, but in order that the people might join in the services to a large extent the feast was celebrated put over until the Sunday within the octave.

#### At St. Peter's

Corpus Christi was observed at St. Peter's church with impressive services at 10:50 o'clock. A large congregation attended. Solemn high mass was celebrated by Rev. W. George Mullin, with Rev. Daniel J. Heffernan, deacon, Rev. John T. O'Brien, sub-deacon, and Thomas F. Markham, master of ceremonies. The sermon was preached by Rev. Fr. Heffernan on the

gospel of the day. The regular choir under the direction of Prof. Haggerty and the sanctuary choir under Rev. John Burns, sang special music. After mass a procession of the sodality, sanctuary boys and priests took place with Thomas Frawley as cross bearer. Miss Katherine Quinn carried the banner of the Children of Mary sodality. As the procession moved about the church the sanctuary choir sang "Fange Lingua." Rev. Fr. Mullin supervised the procession, and the Blessed Sacrament, reposing in the magnificent monstrance, was carried by Rev. Fr. Heffernan, assisted by Rev. Michael Roman and Rev. Fr. O'Brien. The canopy was borne by Messrs. Daniel F. Kelly, Michael Corbett, James E. Brennan and Patrick Gibbons. As the priests returned to the altar benediction of the Blessed Sacrament was given.

In the evening the reception into the Holy Name society took place and was the most successful in the history of the society. Over 1000 men were in attendance and this fact pleased Rev. Fr. Burns, the zealous spiritual director. At 6:30 o'clock the members assembled in St. Paul's chapel and half an hour later to the strains of a stately procession played by Mrs. J. W. McKennedy at the organ, marched to the main church where seats in the centre aisle were taken. It was seen, however, as the men filed into the church that the sanctuary main aisle would be insufficient to hold all and the two side aisles were half filled, while the congregation sat in the rear. Rev. W. George Mullin was the celebrant at vespers and the two choirs alternated in the singing.

The sermon was preached by Very Rev. George J. Patterson, D. D., V. G. Lynch, general and archdiocesan director of the Holy Name societies and it was a powerful effort. As a prelude to his sermon Fr. Patterson congratulated the society on its large numbers and said that in all his travels in visiting the Holy Name societies St. Peter's is by far the largest. "When Archbishop O'Connell returns home in a few weeks," he said "I will tell him that I was edified by the splendid showing made by St. Peter's Holy Name society of Lowell, the birthplace of His Grace." Fr. Patterson in his sermon dealt with the theme "Love of Country and Love of Church," and took as his text after under Caesar the things that are Caesar's, unto God, the things that are God's."

After the sermon, Rev. Fr. Burns advanced to the altar railing and read the office of the Holy Name society with responses by the men promising to adhere to the society and its purport. The men then filed to the altar railing, where the ceremony of pinning the buttons on the men took place with the Rev. Fr. Burns, Rev. Fr. Roman, Rev. Fr. O'Brien and Rev. Fr. Mullin assisting. At benediction the great church was brilliantly illuminated. After benediction, the choirs and congregation sang in the singing of "Holy God, We Praise Thy Name."

The men were seated by a corps of ushers under the direction of President Wm. F. Daly and the other officers of the society.

A tribune in honor of the Sacred Heart will open at this church on Wednesday, coming to a close on Friday evening. On the last named evening the sermon will be preached by Rev. Fr. Brett, S. J., an eloquent member of the faculty of Boston college.

#### Sacred Heart Church

The feast of Corpus Christi was observed at the Sacred Heart church yesterday. At 10:30 o'clock solemn high mass was sung. Rev. James McDermond, O. M. I., who was recently ordained to the priesthood, acted as celebrant, this being his first solemn high mass. He was assisted by Rev. Edward Fox, O. M. I., as deacon and Rev. Bernard Fletcher, O. M. I., as sub-deacon. Rev. Fr. McNiff, cousin of the celebrant, acted as assistant priest. Mr. J. J. Mahan was master of ceremonies. The interior of the sanctuary was beautifully decorated.

The mass started with processional exercises with the sanctuary and loft choirs alternating in singing appropriate hymns. During the service both choirs discoursed special music. Mrs. Muldon presided at the organ. At the conclusion of the mass solemn benediction of the Blessed Sacrament was given. The officers who officiated at mass also officiated in the benediction.

As the Blessed Sacrament was exposed during mass the sermon was omitted. Rev. T. Wade Smith, O. M. I., read the announcements for the week. He announced that on tomorrow evening the senior branch of the Holy Name society will hold its regular monthly meeting in the school hall. He requests all members to be present, as Rev. Jas. P. E. O'Connell, secretary to Archbishop O'Connell and a former altar boy at the church, will address the society.

In the evening at 6:30 o'clock solemn vespers and benediction were given and exquisite ceremonies were held. A procession in honor of the Blessed Sacrament was held. In the procession were the children who recently received first communion and the members of the Children of Mary sodality. Both choirs were present and rendered appropriate musical numbers during the service.

The forty hours' devotion service will open in the church on Friday, and will be brought to a close Sunday. On Friday masses will be sung at 8, 1 and 8 o'clock. The last mass will be a solemn high mass, which time the Blessed Sacrament will remain exposed until Sunday at 10:50 o'clock. The 10:20 mass on Sunday will be solemn high and will be sung by Rev. Edward Fox, O. M. I., who was elevated to the priesthood with Fr. McDermond. Fr. Fox is also a former altar boy at this church and a resident of the parish.

At the 8 o'clock mass next Sunday the Holy Angels' sodality will receive communion and the children who received first communion, after which they will be enrolled into the society.

The production of "Queen Esther" under the auspices of the young ladies of the parish will be presented at the Hathaway theatre on June 22 and 23. The talent which is to participate held a dress rehearsal at the theatre yesterday afternoon, and the productions are that it will be one of the grandest successes of the season.

#### At St. Anthony's

Two feasts were observed at St. Anthony's church yesterday, that of St. Anthony, patronal feast of the church, and the feast of Corpus Christi. It was also first communion Sunday.

The children's mass was celebrated by the pastor, Rev. Fr. Rosa, who spoke to the children upon the sternness of the day for them. During the mass appropriate hymns to St. Anthony and the Blessed Sacrament were sung by the choir. High mass was celebrated by Rev. Fr. Perrot, who also delivered the sermon.

In the evening vespers were sung by Rev. Fr. Rosa. A procession of the children of St. Anthony's sodality was

## SECOND CRUISE

To be Made to the Orient

WASHINGTON, June 14.—Sec. Meyer is going to send another squadron on a long cruise just to see how well officers and men can handle their ships under all conditions of wind and weather. The Pacific fleet, under command of Rear Admiral Sigsbee, will start this fall on a cruise lasting six or eight months.

The itinerary, subject to change, is to have the vessels leave San Francisco and go up the coast into Alaska waters and thence to Japan and the Philippines. The northerly route is selected in order that the fleet may make certain of encountering fog conditions for its practice work.

The fleet will doubtless proceed as far as Manila, and may go on down to Australia and thence up the China coast, making several stops, and thence for a prolonged cruise in Japanese waters.

One course that was suggested was for it to be brought to the Atlantic coast by way of the cape of Good Hope from Manila.

Not all the line officers now on the active list of the navy are graduates of the naval academy. There are today 22 line officers who entered the navy as enlisted men, and after being advanced to either boatswain, gunner or warrant machinists, passed successful examinations and received appointments as ensigns.

Some of them have passed through that grade and that of Lieutenant, junior grade, and are now well on through the grade of Lieutenants.

Congress in 1901 passed a law that the secretary could commission each year 12 warrant officers who had served as enlisted men and as warrant officers. No complaint has been heard about these who have been fortunate in securing commissions.

Warrant officers applying for commissions as ensigns are put through an examination in navigation, engineering, seamanship, gunnery, electricity and military law.

PROVIDENCE, R. I., June 14.—An overland march of about 20 miles was begun today by Battery A, the first detachment of the National guard of Rhode Island, to go into camp Quonset Point, North Kingston. The battery will remain in camp six days. Maj. Charles W. Abbott, Jr., U. S. A., retired, will give the citizens soldiers instructions during their tour of duty.

Rev. Fr. Sullivan, O. M. I., Gives Pledge to 200 Boys

Nearly two hundred boys who received their first communion at the Immaculate Conception church yesterday morning, met in the basement of the church yesterday afternoon and were addressed by Rev. Dennis Sullivan, O. M. I., who is chaplain of the O. M. I. Cadets. Fr. Sullivan had spoken to their first communion yesterday, and just when they were about to depart he told them that he had just a few words more to say to the boys. He told them of the danger of cigarette smoking, pointing out to the little fellows how injurious it is to their health, and that he asked all those who wished, to rise and take a pledge to abstain from cigarette smoking until they reach the age of 21 years. He said that if any did not care to make the promise and keep it, he would prefer that they remain seated, because he said "it is for your own good that I ask you to do this, and if you take this pledge I want you to keep it. If you abstain from the use of cigarettes until you reach your majority, I do not think you will resort to the use of them after that." Then was witnessed a scene probably never before enacted in a church in this section. The two hundred boys standing, raised their right hands and repeating the pledge as given them by Fr. Sullivan, pronounced not to use cigarettes. "Now," said Fr. Sullivan, "let us have one more pledge, let us promise to refrain from blasphemy," and once more the boys took a pledge. Each boy then took a pledge of total abstinence after which they were dismissed. Next Friday night Fr. Sullivan was every member of the O. M. I. Cadets to be present at their assembly in Immaculate Conception church hall. "He has something of interest to say to the boys, and those who fail to attend will regret that they were not on hand to hear the priest."
